DOLLIVER AND ROOT DEBATE.

Senators Disagree Over Railroad Measure.

Westerner Uses Vigorous Words in Opposition.

Easterner Urges Duty Instead of Feeling.

(Associated Press Night Report.)

WASHINGTON, April 25.—With Senator Dolliver criticizing in pointed western phraseology the Crawford-Elkins amendment to the traffic agreement provision of the railroad bill, and Senator Root supporting the same provision in careful legal argument, the Senate today was the scene of an interesting debate.

The Iowa Senator showed resentment at the interference of the administration in the proposed legislation, while Mr. Root said the experience of the executive branch of the government had satisfied itself of the necessity for such legislation.

At the close of the debate Senator Elkins made an effort to secure an agreement for a vote ten days hence, but failed, because of the objection of Senator La Follette, who said the Senate had not yet had an opportunity to scrutinize closely more than half of the bill.

Declaring the obligations of the railroads to be in reality a part of the public debt, Mr. Dolliver said that within the last few years "right under the nose of Congress, and in the midst of the Roosevelt era, liabilities have been contracted by the railroads exceeding the \$2,000,000,000 of public debt which the country found added upon it at the close of the Civil War, which our children will have to pay after we are dead."

KILLS PRESENT CONTROL. These debts have been contracted, he said, by irresponsible railroad men, to permit the hoarding of the interests and without adding one dollar's worth of railroad facilities.

He was satisfied whatever was done the government should keep an eye on and control the action of the railroads. He was of the opinion that the pending bill paralyzes present control.

Tracing the history of what he called "the traffic agreement scheme," Mr. Dolliver asserted it was a device to mere renewal of the pooling system of the past.

The fact that the Republican platform declares for this traffic agreement, he said, is not sufficient reason for providing for them by law, and he ridiculed the declaration in the platform for agreement which do not interfere with competition. He could not bring himself to advocate the agreement, even if Mr. Roosevelt had pronounced for them.

Speaking of the Crawford-Elkins amendment, Mr. Dolliver said:

LEGALIZES CRIME, HE SAYS. "It legalizes what is now criminal," he said, "and it is the commission reducing the traffic agreement rates, saying they could no more accomplish the task than could a woodpecker cut down a telegraph pole."

Mr. Dolliver closed his remarks with a prediction of the speedy termination of the political corruption that places the control of the States and cities in the hands of party bosses and receives its legislative orders from the Attorney-General.

Replying to Mr. Dolliver, Senator Root said he thought Mr. Dolliver had been led into some extravagance. He did not think, for instance, that innocent people were on the road to slavery.

Regarding the traffic agreement provision, Mr. Root said as it stands it accomplishes in a practical and effective way the thing which Mr. Dolliver had declared to be desirable.

Mr. Root said there was no evidence of any anxiety on the part of the railroads for the proposed law. The bill was not up because the railroads wanted the legislation, but because

cause experience had shown the necessity for it.

POINTS OUT HIGHER DUTY. "We have a higher duty than the expression of feeling," he said, "and that is to frame statutes that will be capable of execution and it is the purpose of the pending provisions to substitute something practicable for something that is impracticable."

Mr. Root suggested an amendment making the filing of agreements a condition of their legality. Most of the agreements could relate to the general principles controlling in the making of rates.

"From these might flow hundreds of thousands of rates, and these are the agreements we want to get control of," he said.

He concluded with the assertion that the Crawford provision was practicable in a few words, Mr. Clapp attacked the position of Senator Root as inconsistent, saying that in one breath he had argued the Cummings amendment, requiring the passing on rates in advance would nullify the effect of the provision, while in the next he had contended this result would be practically accomplished by the Crawford-Elkins provision became a law.

In response to an inquiry from Senator Aldrich, he said inasmuch as the question of the anti-trust law and railroads was to be repealed, he thought all rates under agreements should be passed upon in advance by the Interstate Commerce Commission.

(Associated Press Night Report.)

RAILROAD RECORD.

TIME SET FOR MERGER CASE.

HEARING POSTPONED UNTIL AFTER VACATIONS.

Government's Action Against Southern Pacific and Union Pacific for Alleged Violation of the Sherman Anti-Trust Law Has Not Been Abandoned.

(Associated Press Night Report.)

WASHINGTON, April 25.—The government case for the dissolution of the Union Pacific and Southern Pacific Railroad merger will be heard probably about October 1. The selection of a definite date and place will be made by the judge of the Eighth Circuit at St. Paul, Minn., in May. Announcement to that effect was made at the Department of Justice today.

Atty.-Gen. Wickham received advice from Circuit Judge Vandeventer at Cheyenne that, after correspondence with the other justices of the Eighth Circuit, the court had determined to fix the hearing for October 1.

Government counsel urged on the court that the case be heard before the summer vacation, but in view of the other engagements of the justices, the latter determined to postpone arguments until after the summer vacations.

C. A. Severance has represented the government in preparing the case, which is a proceeding to dissolve the merger of the Southern Pacific and the Union Pacific railroads on the grounds that it is a violation of the Sherman anti-trust act. Suit for dissolution was filed in the Circuit Court at Salt Lake.

The positive announcement of the determination to fix a time for the hearing apparently disposes of reports that the government had decided to abandon the proceedings against these two railroads. Unofficially the suggestion has been that the Circuit Court recently had in view a decision of the Supreme Court in the "Tobacco trust" or the Standard Oil cases in postponing the argument on the merger case until fall, as it is generally realized that some time will elapse after the arguments are heard in the merger case before a decision is reached.

At St. Paul, it is more convenient to many of the parties interested in the suit, the arguments probably will be heard there.

A coterie of wealthy women of East Orange, N. J., under the leadership of Mrs. John Franklin Fur, wife of the New Jersey Governor, have banded themselves together into a club which will undertake the construction of a model tenement in their city.

Rev. Edward A. Huston of Boston, for twenty-five years executive head of the Unitarian Sunday-school Society, and one of the leading Unitarian preachers in the country, will relinquish his duties on June 1 next.

(Associated Press Night Report.)

UP AND DOWN THE VALLEY.

PITH OF THE DAY'S NEWS FROM THE MIDDLE WEST.

(By Direct Wire to the Times.)

CHICAGO, April 25.—(Exclusive Dispatch.) Following a day of intermittent rain and snow, the temperature went to near the freezing point tonight. There was nothing in the forecast to give cheer to those who are eager for a return of spring. In the afternoon there was a driving snowstorm for some time. Today's maximum temperature was 40 and the minimum 24 degs. Middle West temperatures:

AN OLEO RULING.

CHICAGO, April 25.—A decision by Commissioner of Internal Revenue Cabell, made known yesterday through Col. E. H. Ingram, Internal revenue agent in Chicago, will have a wide effect on the butter and oleomargarine trade throughout the United States. Certain materials, such as peanut and mustard oils, now being used to color oleomargarine, according to the com-

missioner's ruling, if used in quantities sufficient to make them a constituent part of the product, cannot be considered as producing artificial coloring, and therefore cannot be considered subject to the government tax of 10 cents a pound.

CUPID WINS TWICE.

(Associated Press Day Report.)

SOUTH BEND (Ind.) April 25.—Married in their teens, divorced twenty-seven years ago, each taking another mate a short time afterward, only to come back to each other and be married again in this city, is the experience of Henry Ransdell, a retired farmer, aged 51, and Mrs. Jane Frame, 77, of Terre Coupe, Ind. They were married yesterday by Justice Wright.

(Associated Press Day Report.)

MOVE BODIES TO GET ORE. (Associated Press Day Report.) NEGAUNEE (Mich.) April 25.—Lakes have been drained and towns have been removed to new locations in order that ore deposits in the Lake Superior region might be mined. Now an interesting event in the same category is about to be recorded at Negaunee, Marquette range. It is the removal of the Protestant and Catholic cemeteries to a new site, together with the many hundreds of human bodies interred therein. A large body of ore lies beneath a portion of the present burial grounds, and the deposit is to be mined.

FORMER LOVER ACCUSED. (Associated Press Day Report.) PRAIRIE CITY (Iowa) April 25.—The palatial home of Jesse A. Quick was completely demolished at midnight last night by a charge of dynamite which had been placed under the front porch directly beneath the sleeping apartments of Dr. Alex. A. Hall and his young wife, formerly Miss Myrtle Quick, whom he had just married. Miss Mary Guthrie of Carthage, Ill., was arrested, suspected of having set off the charge. It is understood Dr. Hall and Miss Guthrie at one time were engaged.

THE teeth are injured more by neglect than from any other cause. Thoroughly brush them every day with

and they will be cleansed, preserved and beautified. It neutralizes mouth acids and imparts purity and fragrance to the breath.

"THIRD DEGREE" INQUIRY.

Senate Proposes to Investigate Practices Opposed to Impartial Criminal Prosecutions.

(Associated Press Night Report.) WASHINGTON, April 25.—The Senate Committee on Judiciary voted today to conduct a thorough examination into what is known as the "third degree" methods of extorting confessions from the persons charged with crime; also the practice of employing persons in the espionage of jurors.

A resolution providing for the appointment of five senators to conduct such an inquiry was reported to the Senate today by Senator Sutherland. It was based on a resolution introduced by Senator Heyburn as the result of reports of the "third degree" ordeal practiced by the police of Atlantic City upon William Seyler, charged with the murder of Jane Adams, whose body was found in the water near the pier.

The decision to include in the inquiry the practice of employing persons in the espionage of jurors was prompted by disclosures made during the investigation by the committee of charges against Robert T. Devlin, United States Attorney for the Northern District of California, whose condemnation for another term is being sought by the government.

Members of the committee were practically unanimous in their condemnation of reported practices which tend to prevent the impartial administration of the criminal law. It is not doubted, therefore, that the resolution will be adopted by the Senate.

LINCOLN FUND MISSING.

Congress Urged to Investigate What Became of Money Subscribed Years Ago for Monument.

(By Direct Wire to the Times.) WASHINGTON (D. C.) April 25.—(Exclusive Dispatch.) Congressional investigation to discover what became of \$100,000 contributed to erect a monument to Abraham Lincoln is being urged by some of the original subscribers, who, about forty years ago, made donations to the fund ranging from \$1 to \$100.

Congress incorporated as an association March 18, 1867, to erect a monument to Lincoln, and Senator Cullum was one of the original trustees. An act of Congress provided no metal or cannon should be donated to the association until \$100,000 had been raised, and, inasmuch as twelve bronze cannons were donated by the government on July 18, 1870, it would seem that the trust had satisfied Congress that at least \$100,000 was on hand.

"I know nothing of the funds," said Senator Cullum today. "I don't know who the donors are, and I don't know who the trustees are. I don't know what the association is, but I don't know what success attended the efforts."

CONGRESSIONAL BLUE BOOK.

Wives of National Lawmakers Press to Have Their Names and Records Preserved.

(Associated Press Day Report.) WASHINGTON, April 25.—In initiation of the movement to preserve the names and records in the Congressional Directory, the members of the Congressional Club, which is composed of the wives of the national lawmakers, intend to have a blue book of their own.

The idea originated with Mrs. Champ Clark, leader of the minority in the House. Each member of the club has been asked to furnish a brief biography of her life and among other questions, is asked: "If thrown on your own resources, what could you do to win a living for yourself?"

A full record as to genealogy and personal achievements is requested. Mrs. Clark believes the book not only will lend dignity to the club, but that it will act as a cementing bond between the members. Many new members of Congress will see a new blue book.

WASHINGTON BRIEFS.

Henry M. Hoyt Explains. WASHINGTON, April 25.—Henry M. Hoyt, who has just resigned his office as Attorney-General of Porto Rico, is apprehensive this will be attributed to the fact that he was a witness in the Baileys-Pinchot investigation, in which he supported the statements of Mr. Charles Pinchot, now a senator. He has telegraphed to Washington from New York that his resignation was caused solely by his desire to resume private practice in San Francisco.

Mail Carriers Named. WASHINGTON (D. C.) April 25.—(Exclusive Dispatch.) The following appointments have been made to fill vacancies in the rural carrier service: Henry T. Clark, vice John H. Macht, route one, Kerman; H. F. Smith, vice Julian B. Rogers, route two, Kerman; Smith, substitute, Kerman, route two.

Bullion amounting to \$200,000 was taken into the bank of England on balance yesterday.

HONOLULU \$10.

Round trip, first-class, 54 days from S. F. Twin screw, S. S. Sierra (18,000 tons displacement) leaves Honolulu 100 A. M. under command of Capt. H. C. Houliett, will sail from S. F. for Honolulu May 25, June 10, etc. The Sierra has double bottoms, water-tight compartments, two sets triple-expansion engines, large hulls and equipped with wireless. SPORTING NEWS, LOCAL AND TELEGRAPHIC.

POMONA GRABS EASY VICTORY.

Tigers Drop Conference Game Through Errors.

Lockwood Puts Out Thirteen and Passes One.

Shutt Holds Kingman Steady in Tight Places.

Pomona College defeated Occidental in their first conference baseball game, 5 to 1, at Baer Park, yesterday afternoon.

The sagebrush men put up a fine class of ball, fielding well, and getting hits when they were needed.

The Tigers did not play up to form, and were guilty of several costly errors.

Kingman and Lockwood each were touched for five hits, but the Claremonters' bingles came at opportune moments, while the Tigers' hits did not figure in the scoring.

Lockwood pitched excellent ball, striking out thirteen and giving but one pass. He was very effective in keeping the visiting batters guessing.

Kingman, also a southpaw, gave transportation to five and struck out five. Lockwood showed good speed, and wide curves, but his support was faulty.

Hard luck was the lot of the "Oxy" men throughout the game. Three times men were on the second and third sacks with only one out, but the necessary hit was not forthcoming.

Several other times hits would have meant runs, but Kingman was a "night-wad," and allowed only pop flies or easy grounders.

With the score one-all, Pomona made two runs in the sixth inning on two hits and a couple of errors.

In the ninth session a safe hit by Kingman and a well-placed bunt by Hitchcock resulted in two more tallies before the fielders recovered from a short season of stage fright.

The score would have been worse had not the Tigers pulled off a lightning double play. Johnson recovered the ball on a bunt, threw to McKenny, who tagged the runner and threw to second in time to catch Neils.

There was a noticeable lack of headwork on the part of the Tigers. Lockwood made a foolish attempt to throw a runner out at second, which failed, and Sany and McKenny were guilty of bad bungles at critical times.

Tigers' base running was also out of gear.

Kingman was backed up at style by Capt. Shutt, who possesses the baseball brains of the battery.

Johnson made a sensational catch of a high foul in the fifth. Capt. Grant played a star game on first base, for Pomona, getting eleven put-outs and no errors. The "Oxy" outfielders pulled down several hard flies in good style.

The score:

	POMONA	OCCIDENTAL
Runs	5	1
Hits	13	5
Errors	2	1
Left on base	10	8
Struck out	13	5
Time of game	1:45	1:45

Hogan Takes Sixteen Men on Initial Trip Away from Home—Vernon to Tackle Oakland in San Francisco Today and to Take on Portland and Sacramento Later.

Sacramento's Senators are to make their home before the Angel City fans this afternoon at Chutes Park where the Senators are to open their second series with Dillon's band. The Senators are hoping the hoodoo which has shrouded them to the cellar at home has been left behind, and they assert the locals will have to play better ball than they did at the capitol lot to win half the games.

Hap Hogan's squad took the Coaster to San Francisco yesterday afternoon and is to start its first venture away from the home cradle this afternoon with Oakland at the Bay City. It will be strictly up to the Vernons to show their mettle away from the familiar diamonds at Chutes, yet they have the good wishes of the home fans which helps a good deal.

Sixteen players make up the Vernon invaders, Hogan taking all the regulars except Hasty and Thompson. The personnel includes Hogan and Brown, catchers; Stoval, Hitt, Brackendridge, Willett, Schaefer, and Henning, pitchers; Fisher, Burrell, N. Brunscher, K. Brashar and Lindsay, infielders; Coy, Martineau and Carlisle, outfielders. The travelers are all in good shape for their season's try-out on the road.

The Vernon itinerary includes a series with all the northern teams except San Francisco. Following the opening games with Oakland, Hays' bunch is to tackle Portland next week, and Sacramento the week following.

CLARENCE HATTING.

[ASSOCIATED PRESS NIGHT REPORT.] BOSTON, April 25.—The locals made three times as many hits as Philadelphia, today, but a series of misplays by Boston and two singles gave the visitors enough runs to win. A feature was Lewis's batting. Score: Philadelphia, 4; hits, 4; errors, 4.

[ASSOCIATED PRESS NIGHT REPORT.] BOSTON, April 25.—The locals made three times as many hits as Philadelphia, today, but a series of misplays by Boston and two singles gave the visitors enough runs to win. A feature was Lewis's batting. Score: Philadelphia, 4; hits, 4; errors, 4.

sage Dillon's squad. If Hogan's hopes are fulfilled he will come back with his team at the top of the ladder. Any way Hap may be counted on to give Berry's bunch a warm time.

Dillon thinks he will take a majority of the second series from Sacramento. Sacramento will show a number of players new to the local fans, the most notable of the strangers being Hunt, the former Santa Barbara twirler, who has turned out to be one of the best mounders Graham has on his list. Either Hunt or Baum will be in the box for the opener this afternoon. The other new men are Perry, left; Boardman, third base; Van Buren, center; Briggs, right; Hollis, pitcher.

Danzig, the old Portland favorite, is to play first base for the Senators. Danzig batted well near the top of the league season before last, and is one of the best-typed boys in the business.

Dillon for the box today. Bernard is still on the hospital list and his place will be taken by Artie Ross. Orendorf will open at backstop.

The score would have been worse had not the Tigers pulled off a lightning double play. Johnson recovered the ball on a bunt, threw to McKenny, who tagged the runner and threw to second in time to catch Neils.

There was a noticeable lack of headwork on the part of the Tigers. Lockwood made a foolish attempt to throw a runner out at second, which failed, and Sany and McKenny were guilty of bad bungles at critical times.

Tigers' base running was also out of gear.

Kingman was backed up at style by Capt. Shutt, who possesses the baseball brains of the battery.

Johnson made a sensational catch of a high foul in the fifth. Capt. Grant played a star game on first base, for Pomona, getting eleven put-outs and no errors. The "Oxy" outfielders pulled down several hard flies in good style.

The score:

	POMONA	OCCIDENTAL
Runs	5	1
Hits	13	5
Errors	2	1
Left on base	10	8
Struck out	13	5
Time of game	1:45	1:45

Hogan Takes Sixteen Men on Initial Trip Away from Home—Vernon to Tackle Oakland in San Francisco Today and to Take on Portland and Sacramento Later.

Sacramento's Senators are to make their home before the Angel City fans this afternoon at Chutes Park where the Senators are to open their second series with Dillon's band. The Senators are hoping the hoodoo which has shrouded them to the cellar at home has been left behind, and they assert the locals will have to play better ball than they did at the capitol lot to win half the games.

Hap Hogan's squad took the Coaster to San Francisco yesterday afternoon and is to start its first venture away from the home cradle this afternoon with Oakland at the Bay City. It will be strictly up to the Vernons to show their mettle away from the familiar diamonds at Chutes, yet they have the good wishes of the home fans which helps a good deal.

Sixteen players make up the Vernon invaders, Hogan taking all the regulars except Hasty and Thompson. The personnel includes Hogan and Brown, catchers; Stoval, Hitt, Brackendridge, Willett, Schaefer, and Henning, pitchers; Fisher, Burrell, N. Brunscher, K. Brashar and Lindsay, infielders; Coy, Martineau and Carlisle, outfielders. The travelers are all in good shape for their season's try-out on the road.

The Vernon itinerary includes a series with all the northern teams except San Francisco. Following the opening games with Oakland, Hays' bunch is to tackle Portland next week, and Sacramento the week following.

CLARENCE HATTING.

[ASSOCIATED PRESS NIGHT REPORT.] BOSTON, April 25.—The locals made three times as many hits as Philadelphia, today, but a series of misplays by Boston and two singles gave the visitors enough runs to win. A feature was Lewis's batting. Score: Philadelphia, 4; hits, 4; errors, 4.

[ASSOCIATED PRESS NIGHT REPORT.] BOSTON, April 25.—The locals made three times as many hits as Philadelphia, today, but a series of misplays by Boston and two singles gave the visitors enough runs to win. A feature was Lewis's batting. Score: Philadelphia, 4; hits, 4; errors, 4.

NEW QUAIL PRESERVE.

Local Sportsmen Secure Acres Near Elizabeth Lake—Birds Are Plentiful and Very Tame.

The Montebello Gun Club, recently organized by five local sportsmen, marks the first real effort of Southern California gunners to insure protected bird shooting during the season which opens October 1. The new club has leased 400 acres of land five miles from Elizabeth Lake, which lies about sixty miles north of Los Angeles.

Joe Gioia, a well-known bird shot, is president of the organization, other members being Claude Parker, Harry Graham, Will Graham and Ed Pagli. The boys visited the preserve Sunday, and report quail in abundance. Driving over the land the party started coveys of birds every few yards. During the nesting season the birds are unusually tame, yet the quail are plentiful, which is the desirable asset.

Gen. C. F. A. Last preserved some productive quail territory three years ago in San Diego county, but a couple of dry winters killed a good deal of the brush, and the birds became so scarce the club paid little attention to maintaining the preserve.

MOTHER BACKS FIGHTER. [BY DIRECT WIRE TO THE TIMES.] SAN FRANCISCO, April 25.—[Exclusive Dispatch.] The managers of Tom McCarthy and Green Moran tonight agreed upon Harry Foley as referee for the lightweight battle, which is scheduled for next Friday evening.

A number of names were suggested by different parties at the meeting in the Howes building, among them Jack Welch, Sam Berger and Joe Chynowski. Welch refused to act because he has already expressed his opinion about the fight, and has not on the result. After very little discussion Foley was agreed upon as satisfactory to both fighters.

Betting on the fight remains at a low level, but there is strong support for the McCarthy to win at these figures, and it is very probable that the odds will go to 10 to 9 before the day of the fight comes around.

Although McCarthy's father refused to bet on his son's chances, Mrs. McCarthy has plenty of faith in her boy, and today placed \$800 on him at the prevailing odds.

CURTIS RETURNS EAST. SAN ANTONIO (Tex.) April 25.—Flights under ideal weather conditions by Curtis, Mars, Willard and Hamilton concluded the San Antonio aviation meet today. Hamilton tried out a new Baldwin biplane, but had little success with it. He announced today the quick-start record made Sunday by Hamilton would not stand, as two of the judges did not officiate. Curtis and Mars leave tomorrow for New York. Hamilton goes to Beaumont, Tex., and Willard will next fly at Alexandria, La.

The good man is always sincere. IMPERIALES CIGARETTES are made of good things. Good tobacco, perfectly blended—pure mair paper to wrap it and a mouthpiece to cool the smoke of it. A cigarette manufactured to excel.

ROLLER SKATE POLO.

New Sport Attracts Attention at Local Rinks—League and Schedule Being Effected.

Roller-skate polo is the latest sport to receive attention in Los Angeles and within the last fortnight two teams have been organized which meet weekly on the floor of a local rink. Other teams are expected to be formed in a few weeks and a regular league with a schedule of contests is a probability.

Although new to this Coast the game has been played for several months throughout the eastern States where it has been attracting considerable attention and there are several professional teams touring the East. Manager Gore, of the Red Stockings, asserts that if he can develop his team in proper condition he will endeavor to bring one of the eastern teams to Los Angeles where they will meet five men picked from all the teams in the city.

The game is almost as exciting as football. Five men are on a side, first rush, second rush, goal tender, full-back and center. A hard rubber ball is used and regulation hockey sticks, which must not be more than four feet long, or more than three inches wide.

The ball is placed in the center of the rink and the players rush toward it. The two rush men leave their goals and rush towards the ball, each endeavoring to knock it into the enemy's territory. A goal is scored when the ball is played in the fifteen-minute sessions. A ball going outside the boundaries is dead until it has been placed on the floor by the referee. The players are not allowed to touch it with their hands. They may use their feet to block, but not to push with, and a player who is fouled is out of the game until he has replaced it.

KEEPS ON PLAYING. AFTER SPRAINING WRIST. Playing with one hand after having severely sprained his left wrist, Paul Gessner, a member of the Red Stocking roller skate polo team, made a goal for his team in the last five minutes of the game which was played between the Red Stockings and the Double Eagles last evening at the Mammoth rink. The Double Eagles won by the score of 4 to 3.

With but five minutes to play the score stood 2 to 2 in favor of the Eagles. It was then in attempting to make a quick turn that Gessner fell. He rose, and with a quick drive sent the ball into the Eagle's goal a few minutes before the whistle blew.

The result of the game gave the Eagles the championship of the city.

YACHT RULES ACCEPTED. Spaniards Favor Conditions Submitted for Sonderklasse Races to Be Held in September.

[ASSOCIATED PRESS NIGHT REPORT.] BOSTON, April 25.—Final arrangements for the Spanish-American sonderklasse races, which will be held off Marblehead, commencing on or after Monday, September 5, have been completed.

A circular letter sent out today by the Eastern Yacht Club, having the races in charge, says the conditions made by the United States club and forwarded to Spain for approval, were returned without change and with full approval of the Spanish yacht club. The conditions are practically identical to those which governed the German-American races last year.

The Spaniards will send three boats of the sonderklasse, which will be met by three American boats of the same class, selected after trial races by the Eastern Yacht Club and the United States club. Boats from nearly a dozen Atlantic Coast clubs will compete in the trials.

DISLIKE NEW GAME. ETHACA (N. Y.) April 25.—Expressing his disapproval of the Cornell undergraduates' new football work, and their failure to have more candidates to report for spring work, Head Coach Field has sent out a personal appeal to the football men. He says the greatest handicap the football team faced last fall was lack of experience, that little interest in the work has been shown so far, and demands a larger attendance.

PREPARING FOR WESTON. NEW YORK, April 25.—Friends of Edward F. Weston, the walker, who will arrive in this city during the coming week, have appointed a committee to take charge of his reception at the completion of his journey. The committee has the support of Pierre Lorillard, Harry Cleve, Joseph H. Choate,

FRANKIE BURNS BEATS COULON.

Has Better of Him in Fine Points of Game.

Jersey Lad Swaps Punches With Papa's Boy.

Thousands Cheer While Last Round Is Fought.

[BY DIRECT WIRE TO THE TIMES.] NEW YORK, April 25.—[Exclusive Dispatch.] Frankie Burns of Jersey City defeated "Johnny" Coulon of Chicago, who claims to be the bantam champion, tonight, at the Marabon Athletic Club in Brooklyn in one of the greatest ten-round battles that has been fought in this vicinity in many a day.

That the bout went the full ten rounds was due to Coulon's superior strength and experience. Coulon has long been noted for his speed and skill among the little men of the ring, but in the Jersey boy he found an opponent that could stand off and out-box him, swap punches with him, head to head, without suffering a bit in comparison, and who was as speedy and perhaps a bit more shifty.

For the first four rounds Burns had a big lead and the best Coulon could do was to get an even break in the fifth by some severe punishment he inflicted at close range. For the first time in the fight Coulon had Burns backing in the sixth and did a lot of damage when he rushed the Jersey boy to the ropes. The seventh and eighth were all in Coulon's favor, but he was fighting desperately in the ninth, had a little the better of it.

The last round was an epic of the ring. It was like lightning all the way with the pair trying hard for a knock-out. Burns had Coulon pretty wobbly by a series of hard punches that went home to the jaw. Three thousand spectators were on their feet cheering like demons when the bell rang.

MOTHER BACKS FIGHTER. [BY DIRECT WIRE TO THE TIMES.] SAN FRANCISCO, April 25.—[Exclusive Dispatch.] The managers of Tom McCarthy and Green Moran tonight agreed upon Harry Foley as referee for the lightweight battle, which is scheduled for next Friday evening.

A number of names were suggested by different parties at the meeting in the Howes building, among them Jack Welch, Sam Berger and Joe Chynowski. Welch refused to act because he has already expressed his opinion about the fight, and has not on the result. After very little discussion Foley was agreed upon as satisfactory to both fighters.

Betting on the fight remains at a low level, but there is strong support for the McCarthy to win at these figures, and it is very probable that the odds will go to 10 to 9 before the day of the fight comes around.

Although McCarthy's father refused to bet on his son's chances, Mrs. McCarthy has plenty of faith in her boy, and today placed \$800 on him at the prevailing odds.

MINISTERS TRY TO STOP FIGHT.
[BY DIRECT WIRE TO THE TIMES.]
CINCINNATI, April 25.—[Ex-
clusive Dispatch.] A national
movement was started today at
a meeting of Methodist minis-
ters of Cincinnati to stop the
Jeffries-Johnson fight in Cal-
ifornia on July 4. Churches in
all parts of the country will be
asked to help agitate the pro-
test of the Cincinnati clergy-
men. The resolution passed con-
tains this paragraph:
"That the permission of this
fight can be regarded as noth-
ing less than a national disgrace
and a calamity to the moral
life of our people; that the
Cincinnati Methodist Ministers'
Association protests against the
permission of this fight and that
we invite the ministers of all
denominations in the State of
Ohio and of every other State
and Territory in the Union to
write their people and to unite
with us in protest to the Gov-
ernor of California against the
permission of this fight."
an exhibition bout of four rounds
backed up by a card of more than
ordinary merit. Johnson is expected in
Los Angeles Wednesday and should be
in splendid shape for his appearance as
he has been getting ready for the past
two weeks for the shows at Salt Lake
and Los Angeles.
Frankie Conley and Danny Webster
continue to go along at a fast pace
in preparing for their ten-round con-
test, which will be at catch weights.
Conley yesterday did his road work
and boxed four rounds with Kid
Cleveland and four with Al Rogers.
He was down to 115 pounds and ap-
peared to be at his best. Al Eastside
Webster went through his regulation
work and ended up with boxing with
Gene McGovern and Montana Kid, do-
ing three sessions with each. Webster
weighed 120 after his work, having
taken off three pounds in two days.
Al Rogers at Doyle's is getting in the
best of condition and although the ar-
ticles call for 135 pounds it is not prob-
able that the Redondo lad will weigh
over the lightweight limit. Rogers is
bent on winning his ten-round contest
with Morris Bloom and he declared yes-
terday that he would fight every inch
of the fight.
Bloom did some fast work at his
Downey-avenue gym yesterday and is
conditioning himself to not only with-
stand the onslaught of Rogers, but to
be aggressive as well. Joe Levy said
that Morris would not be satisfied with
a bare decision, but that he would try
and make good with the fans by put-
ting Rogers to sleep before the ten
rounds have ended.
After Black Sam's Gout.
NEW YORK, April 25.—When Stan-
ley Ketchel enters the ring with Sam
Langford Wednesday night he will
wear on his wrist a band of elephant
hair. The good luck charm was pre-
sented to him by Edgar Beecher Bro-
nson, the African explorer. The native
Africans consider a hair from the tail
of an elephant a sure charm against
harm.

FOR A FORTUNE.
LONG FLIGHT IS PLANNED.
Paulhan and White to Race
In English Derby.
Frenchman Gives Official
Notice of Entry.
Expects to Drive Distance
Without Stopping.
[ASSOCIATED PRESS NIGHT REPORT.]
LONDON, April 25.—An aerial derby
from London to Manchester is in prospect
for Wednesday. Both Graham
White, who failed in his attempt last
week, and Louis Paulhan, the French
aviator, who arrived here last night,
are planning to start for the \$50,000
prize.
Paulhan gave official notice to the
Aero Club today of his intention to
attempt the 186-mile flight Wednesday.
Weather permitting. While it is con-
sidered that the repairs to his machine
will be completed in time to permit
him to ascend simultaneously with the
Frenchman.
Paulhan contemplates a continuous
flight, although, according to the rules
of the contest, two stops are allowed.
Both men will use Farman biplanes.
Misfortune continues to follow the
airships of the British army. The one
which recently made so successful a
trial flight was caught by a gust of
wind at Parnborough, when it was
taken out of its shed this morning,
and turned turtle. The bags were torn
and the framework smashed.
ZEPPELIN SMASHED.
AERIAL FLEET SCATTERED.
[ASSOCIATED PRESS NIGHT REPORT.]
WEILBURG, April 25.—The runaway
Zeppelin II descended here, struck a
cump of trees and parted at the mid-
dle. It lies lodged among the trees
at the side of a cliff.
The fire department and students at
the cadet school turned out and at-
tempted to rescue what was left in-
fact of the machine. The aluminum
frame was demolished and most of the
bags escaped from the bags. No one
was injured.
A special train loaded with soldiers
arrived here from Limburg-An-De-
Lahn and the fragments will be gather-
ed up.
MANY MISFORTUNES.
[ASSOCIATED PRESS NIGHT REPORT.]
LIMBURG-AN-DEK-LAHN (Prus-
sia) April 25.—The Zeppelin II, one of
the three dirigible balloons of the Ger-
man government's aerial fleet, ran
away today and was wrecked.
The airship which was forced to de-
scend here last night owing to a storm
encountered while attempting a re-
turn trip from Hamburg to Cologne,
broke her moorings and without a
crew drifted in a northeasterly direc-
tion. A few hours after its escape the
dirigible dropped and was
smashed to pieces.
Of the three aerial cruisers which
made the successful flight from Col-
ogne to Hamburg, two were re-
viewed by Emperor William and their
officers decorated, but one re-
turned to Cologne under its own pow-
er. This was the Parseval, which
struggled triumphantly against yester-
day's gale. The Gross II was sent
home by train.
Zeppelin II started out bravely yes-
terday morning, but was forced to de-
scend here later, being unable to make
further headway against the counter
winds and also being short of gas. The
military stations at adjacent garrisons
succeeded only with great difficulty in
holding the machine on the ground
during the stormy night. At noon to-
day the gas bags were refilled and the
journey to Cologne was about to be
resumed when a sudden squall sent
the dirigible from its moorings, tossed it
about in the air for thirty minutes and
then dropped it with a bang that put
an end to the monster's career.
Two companies of infantry made fu-
rile efforts to hold the airship when the
ropes broke.
What caused the craft to descend
after so brief a flight is not known,
but it is thought probable that the
gas bags were torn and the mechanism
damaged while it was making its es-
cape.
AVIATORS ALL FLY.
Hamilton and Curtiss Get Cups for
Making New Aeroplane Records.
Texas Meeting Ends.
[BY DIRECT WIRE TO THE TIMES.]
SAN ANTONIO (Tex.) April 25.—[Ex-
clusive Dispatch.] For the first time
since the aviation meet here, Curtiss,
Hamilton and Mars left tonight
for the night. Baldwin also made an as-
cension in his dirigible balloon.
Tonight Hamilton was awarded a
cup as a reward for making the best
flight here and also for lowering the
world's record. Curtiss was given a
cup for being the first to break the
world's record on the local grounds,
although both of these records were
later lowered by Hamilton.
All measurements were made by
Capt. Baldwin, who is a member of the
Aero Club, and as a result they become
official. Curtiss and Mars left tonight
for New York. Hamilton goes to Beau-
mont and Willard to Mississippi.
Results at Aqueduct.
AQUEDUCT (N. Y.) April 25.—The
rain of last night, which made the
track deep in mud, was responsible for
the card being greatly reduced at
Aqueduct today. Summary:
Six and one-half furlongs: Killie
Crunkie won, Dolly Bultman second,
Bat Masterson third; time, 1:24 1-4.
Four and one-half furlongs: Awa-
ram won, Pikanian second, Merry
Lad third; time, 1:21.
Six furlongs: King Cobalt won,
Prince Gal second, Right Easy third;
time, 1:15.
Seven furlongs: Ben Loyal won,
Frank Purcell second, Rustum third;
time, 1:30.
Five furlongs: Suffragist won, John
Reardon second, Thelma third; time,
1:24.
Races at Pimlico.
PIMLICO, April 25.—The card con-
tained no features other than the
steepchase with every jump a water
jump. The going was fearful. Results:
Five furlongs: The Bangor won,
Marmon second, Bendanga third;
time, 1:19 2-5.
Six furlongs: Adalia won, Osorine
second, Jennie Wells third; time,
1:24 1-5.
Seven furlongs: Horace E. won, Sig
second, Chalmaster of Chesterbrook
third; time, 1:40.
Two miles: Black Bridge won, Jim-
my Lane second, Lizzie Flat third;
time, 4:29 4-5.
Four and half furlongs: Micco
won, Lochiel second, Missive third;
time, 1:52 3-4.
Seven furlongs: Rubie won, County
Fair second, Earl Rogers third; time,
1:58 1-4.

NEW ORLEANS HAS A NEW EX-
POSITION SCHEME.
Plans Reunion of All Old Veterans
During Panama Exposition to Cele-
brate Golden Jubilee of Return of
Confederate State's Surrender and
Return to Union.
[BY DIRECT WIRE TO THE TIMES.]
NEW ORLEANS (La.) April 25.—
[Exclusive Dispatch.] That \$100,000 had
been pledged by the five leading hotels
of the city to the World's Panama Ex-
position company was the announce-
ment made today. It was said the sum
was just an indication of how the man-
agements of the St. Charles, Grune-
wald, Demachoud, Cosmopolitan and
Monteleone hotels felt toward the propo-
sition, in their eagerness to see the
committee secure the \$1,000,000 before
the matter went before the State Leg-
islature in May.
It is understood the exposition com-
pany had asked for a donation of \$250,-
000 from the hotels and restaurants.
Ten thousand dollars in one subscrip-
tion, that of the Maison Blanche Com-
pany, Ltd., was today added to the list
of subscribers to the stock of the
World's Panama Exposition Company.
It was one of the first responses to the
circular letter sent out several days
ago.
It is now proposed by the Executive
committee to make the New Orleans
and Panama Exposition in 1910, also com-
memorate the golden jubilee of the sur-
render and return of the thirteen Con-
federate States to the United States,
the war ending April 21, 1865.
A half century will expire in 1915,
the exposition year. It is suggested
that Union and Confederate soldiers
meet here in commemoration of the
closing of the war.
A committee headed by Gov. Sanders,
left for Mobile, Ala., tonight, where
the United Confederate Veterans re-
union is now in session, and will offer
the suggestion to that great body of
Confederates tomorrow.
If the scheme goes through a com-
mittee will visit the next reunion of
the Grand Army of the Republic and
tender the invitation.
PROPOSED "TOUCH" UNPOPULAR.
Rockefeller, Jr., Creates Discord in
Father's Bible Class When He
Asks for Donations.
[ASSOCIATED PRESS DAY REPORT.]
NEW YORK, April 25.—Discord has
been stirred up in the Rockefeller
Bible class over the fact that John
D. Rockefeller, Jr., has appealed to
the members to contribute to a fund
for building the new church edifice of
the Fifth Avenue Baptist Church.
Mr. Rockefeller, in a circular letter,
said that as the class would have
quarters in the new building, he
thought the members should give to
the fund.
The objectors point out that the
class was organized as a non-sectarian
club, and therefore those who are not
Baptists should not be asked to supply
money to build a sectarian church.
SANTA MONICA.
SANTA MONICA, April 25.—Having
rented her residence here for the year,
Mrs. T. H. Dudley has started on a
tour of Europe. She expects to remain
away a year or longer. She is accom-
panied by her daughters, the Misses
Alice and Elizabeth Ryan.
The injunction suit brought by
Messrs. Miles and Hollister to enjoin
the payment by the city of a claim of
\$1500 balance alleged to be due to the
Stutzer Cement and Grading Company
for the construction of the municipal
pier, will come on for trial in the Su-
perior Court next Thursday. The City
Council at first refused to pay the sum
demanded, but after the matter had
been decided in Stutzer's favor by a
board of arbitration a warrant was or-
dered drawn. Payment of this was
stopped by injunction, the claim of the
plaintiffs being that such payment was
a gift and that the city could not legal-
ly issue the warrant.
VENICE.
VENICE, April 25.—The truth of the
Venetian motto—"Life is a comedy for
him who thinks, a tragedy for him who
feels"—which occupies a prominent
place in the great auditorium on the
Windward pier, was again demon-
strated yesterday. The tragedy of the
day was the history of Venice, and
from early morn until late at night
there was a clink of beer mugs within
eight of the sentence, embodying the
ideals upon which Venice was founded.
The lease of the auditorium was taken
over yesterday by Ward McFadden,
who has succeeded Hall & Singer, and
the place was reopened with an or-
chestra occupying the stage and uni-
formed waiters dancing attention upon
the thrifty public.
The roller coaster was also opened
for business for the first time. Three-
car trains whisked the thrill-seeking
patrons to dizzy heights and as quick-
ly dashed them to depths, through dark
recesses and around sharp curves. The
congestion caught the popular fancy
from the turn-loose and did a thriving
business.

LIFE'S SEAMY SIDE.
ARCH BIGAMIST
SAFE IN JAIL.Capture of Kavanaugh Ends
Long Chase.Real Name Is 'Moyse,' With
Prison Record.Made Practice of Marrying
and Robbing Women.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, April 25.—[Exclusive Dispatch.] Harry Vincent Kavanaugh, many times bigamist and arch criminal, who last October married Florence Helen Bamberger, No. 444 Indiana avenue, and fled from Chicago, where he discovered that she was not his first wife, was arrested today in Omaha, Neb.

His capture ended a chase that has covered the entire country and that almost culminated in Des Moines, Iowa, a week ago, when Kavanaugh escaped from that city with detectives hot on his heels. His arrest stops a record of crime that is said to be unparalleled.

Kavanaugh's correct name is Julius Moyse, and he is a member of a prominent family in Greenville, Miss. For many years he has lived by robbing, by forgery, the women he has induced to marry him. He has operated in almost every State.

Kavanaugh was known in his native town as "Buck" Moyse and was constantly in trouble. He served a term in the Mississippi penitentiary for impersonating a naval officer. He went through one of his many marriage ceremonies while in that disguise.

He operated in Chicago twice, several years ago having deserted Miss Dollie Morris of Jacksonville, Tex., here, after bringing her North on their honeymoon.

Kavanaugh was arrested by the Chief of Police of Omaha on a Federal warrant from Kansas City charging him with forging money. He will be tried on the Federal charge first, but the Chicago authorities are anxious to prosecute him also.

Mrs. Bamberger, mother of the Chicago victim, was told of Kavanaugh's arrest tonight. Her daughter was not at home.

"I had heard nothing of it," Mrs. Bamberger said. "I don't know whether it is good news or not. All we have wanted was to get rid of him."

The suit for annulment of Miss Bamberger's marriage soon is to be heard in the criminal court.

MURDER.

SHOOTING
IN CHURCH AISLE.POURS FIVE BULLETS INTO VIC-
TIM'S BODY.Fired Twice Into Breast and After
Throwing Him to Floor, Empty
Gun Into Prostrate Man—Trouble
Arose Over Sister-in-Law of Killer,
Who Is Out on Bail.

(ASSOCIATED PRESS NIGHT REPORT.)

PORTAGEVILLE (Mo.) April 25.—[Exclusive Dispatch.] James C. Young was killed by five bullets from a revolver in the hands of his cousin, Walton Rieburg, in the Methodist church here last night. Trouble between the two men, which has been brewing for months, arose over Young's relations with Miss Gilda Swilley, a 20-year-old teacher, sister-in-law of Rieburg.

This afternoon a thousand people attended the funeral of Young, who was one of the leading business men and a director of the public schools. Rieburg, who was arrested immediately after the killing, waived preliminary hearing. He was released on \$5000 bond.

The minister had just closed his sermon with the Lord's Prayer and pronounced the benediction when Young went to the pulpit to speak with some of the deacons. As he turned around and started for the door, Rieburg entered. The two men walked towards each other on the same aisle. When they were about five feet apart Rieburg drew a pistol and fired two shots at Young's breast. When these did not bring him down, Rieburg grabbed him by the collar, threw him onto the floor and fired three more shots into the prostrate man's body.

About forty-five or fifty people were in the church when the firing started. Most of them rushed frantically for the exits or hid beneath the pews until it was over. In ten minutes the excitement in the town was intense, but there was no talk of violence to the prisoner.

Young was a widower and 44 years old. The disparity in ages between himself and Miss Swilley is said to have caused the latter's family to object to his attentions. He has six children, two of them married. For two years he and Miss Swilley were sweethearts, but are said to have had serious trouble about five months ago. It was at about that time that he began to quarrel with Rieburg.

Rieburg refuses to make a statement as to the motive for the shooting and maintains that no one besides himself knew that he intended to kill Young Sunday night.

PRISON DELIVERY PLANNED.

Two Convicts Escape from Federal
Penitentiary—One Confesses to
Startling Preparations Made.

(ASSOCIATED PRESS NIGHT REPORT.)

LEAVENWORTH (Kan.) April 25.—That a wholesale prison delivery had been planned by Arthur Hewitt and Theodore Murdock, two of the prisoners escaped from the Federal penitentiary Thursday, was the purport of a confession made today by Murdock to F. H. Lemon, deputy warden of the prison.

Murdock and Hewitt were collared preceding their escape. The two convicts, according to the confession, intended to get some prisoners whose term had expired to throw rifles and revolvers over the wall of the prison next fall, but later he hit upon the scheme finally adopted of capturing a switch engine.

Hewitt and his confederates escaped by having a discharged prisoner throw firearms over the stockade in 1931, when twenty-six convicts escaped after a guard and one of their number had been killed.

BOY BURGLAR IN BED.

Gets Two Bullet Holes in Body When
He Returns to Home of Previous
Robbery.

(BY DIRECT WIRE TO THE TIMES.)

STOCKTON, April 25.—[Exclusive Dispatch.] With two bullet holes in his body, Delmar May, a Stockton boy who had just recently finished a term in the reform school at Jone, lies on a cot at the Emergency Hospital, in a serious condition as the result of a running fight between citizens and a pal of the wounded boy, Saturday night. The affair created great excitement in the residence section and a few minutes after the shooting a large crowd assembled while the officers removed May to the hospital.

May had burglarized a house on American street, the previous night, but was frightened away before he could complete the job. The following evening he invited Frank Davis to assist him in removing the loot. The two were attempting to enter the house when Herbert Tucker halted them. Both men started to run and Tucker opened fire, putting two bullets into May's back, but was arrested today after May confessed while on a cot at the hospital.

May has been in a lot of trouble and the police say he has been mixed up today after May confessed while on a cot at the hospital.

Both men started to run and Tucker opened fire, putting two bullets into May's back, but was arrested today after May confessed while on a cot at the hospital.

COMES TO COAST.
CALLS SUGAR
MEN TO RACK.Big Dealers Summoned by
Grand Jury.Assistant Attorney-General Is
Inquisitor.All Refuse to Talk of Testi-
mony's Trend.

(ASSOCIATED PRESS NIGHT REPORT.)

SAN FRANCISCO, April 25.—Representatives of four of the biggest sugar concerns of this city and Honolulu were summoned today by the Federal grand jury, now in session here, and during the afternoon were closeted with the government inquisitors and Asst. Atty.-Gen. Knapp, who is representing Atty.-Gen. Wickham.

When the session had been adjourned, Knapp, when asked whether or not he had been sent to investigate conditions as they exist in the sugar trade, answered: "Yes, I am out here to look into the sugar industry."

As to what trend the investigation would take or as to how far-reaching the inquiry would be, Knapp refused to make any statement.

The four men who appeared before the Federal grand jury today are E. P. Rithet, president of Welch & Co.; George M. Rolph, general manager of the California and Hawaiian Sugar Refining Company, a corporation allied with the Welch company; A. A. Brown, president of the A. A. Brown company, and Wallace M. Alexander, vice-president of Alexander and Baldwin.

Rolph and Rithet were the only witnesses examined. What they were called upon to testify to, they declined to divulge.

DRAMA LEAGUE FORMED.

Club Women Meet in Chicago—Will
Keep Sisters Informed on What
Shows to Shun.

(ASSOCIATED PRESS DAY REPORT.)

CHICAGO, April 25.—Delegates from fifty Chicago clubs and hundreds from outside cities, met at the Art Institute today to perfect the organization of the Drama League of America. According to the plan outlined, "The Weekly Stage Censor," a bulletin containing the women's diagnosis of the stage will be sent to every club woman in the country telling her what shows to shun as detrimental to her moral welfare.

Mrs. A. Star Best, vice-president of the Drama Club of Evanston, who is mentioned as a candidate for the presidency of the new league, said:

"We have tried the idea of demanding that the stage be censored, and we are not pleased with the results. Now we will educate the public to appreciate the good and to shun the bad, which is suggestive. Women have no more right to parade themselves in a diaphanous costume on the stage than they have on the street."

"It is not only a fight against the immoral, but a criticism of the weaker among the legitimate shows which we propose. When a drama presents scenes of the corrupt and squalid without teaching a great moral lesson we will put it on our blacklist."

BOLD COPPER BARONS.

List of Prominent Holders of Stock in
Utah Copper Company—Guggen-
heims Well Represented.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, April 25.—[Exclusive Dispatch.] In the following list the names of the largest and most prominent stockholders of the Utah Copper Company are given, together with the amount of their holdings, as shown on the company's lists at the annual meeting held on April 22:

Guggenheim Exploration Company, 168,625 shares; S. R. Guggenheim, 25,664; Daniel Guggenheim, 23,150; Murray Guggenheim, 21,595; Isaac Guggenheim, 10,500; Isaac Guggenheim, trustee, 38; Carrie Guggenheim, 38; Irene R. Guggenheim, 34; E. & G. Guggenheim, 23; William J. Yates, 17,556; Hayden Stone, 10,567; Spencer Penrose, 52,600; Bolea Penrose, 485; Charles B. Penrose, 490; T. E. Fell, 7300; W. H. Smith, 3888; Alvin Untermyer, 12,644; Charles L. Tutt, 5000; Baruch Bros., 5014; August Belmont & Co., 4000; E. P. Gotschmidt & Company, 2074; Palle & Stieglitz, 4920; Kanaiah Investment Company, 5007; Ladenburg, Thalmann & Co., 7278; W. E. Laur & Co., 24,454; Eugene Meyer & Co., 4618; Sutro Bros. & Co., 2220; Lehman Bros., 10,340; H. P. Whitney, executor estate of William C. Whitney, 13,184; R. P. Whitney, 7253; Henry T. Gray, 15,557; P. C. Drudling, 11,000; James G. Lynch, 7950; and smaller holders.

The Guggenheim holdings are easily the largest. The Guggenheim family showing 83,357 shares outstanding in their own name. William J. Yates appears as the largest individual stockholder, but this stock is supposed to be the property of the Guggenheim interest.

NAPLES VICTIM IDENTIFIED.

Girl Whose Body Was Found on Beach
Sister of Wealthy Chicagoan.

Was Art Student.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, April 25.—[Exclusive Dispatch.] Mrs. John Blair, wife of an actor playing in Chicago, is prostrated in her apartments in the Elms Hotel, following the receipt of information that the body of a young American girl found murdered on the beach at Naples, Italy, is that of her sister, Katella Reid, an art student. Mrs. Blair is said to be in a critical condition.

M. Blair, who is a man of wealth, left his hotel early to see Guido Sabatini, the Italian Consul, through whom he will demand that the Italian government exert every means to solve the murder mystery. He said he would go to Washington as soon as his wife recovered from the shock, to enlist the aid of the Italian Ambassador.

Miss Reid inherited an income from her father, who was a well-known will engineer in New York. She left California for Italy to study art a year ago. The last heard from her by relatives was several months ago.

Miners' Sympathetic Strike.

PHOENIX (B. C.) April 25.—Following the strike which closed the ore mines at Greenwood, B. C., the Miners' Union here today declared a sympathetic strike. This action puts 2500 men out of work at the Granby smelter at Grand Forks, B. C. The total number of men idle at both places is

HIS OWN CATALOGUE.

Yerkes, Himself, Wrote Descriptions of
Paintings in His Famous Art
Collection.

(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, April 25.—The late Charles T. Yerkes himself wrote the catalogue describing the works in his art collection, the recent auction sale of which here broke many art sale records. This information was made public today by Thomas E. Kirby, who conducted the sale, in answering foreign questions as to the genuineness of some of the works in the collection. Any criticism of genuineness must have applied to paintings in the old Chicago collection made by Mr. Yerkes, according to Mr. Kirby, who added:

"The old Yerkes collection was largely a different collection from the New York collection sold the other day. Much of the Chicago collection has been sold or traded for the works which composed the later gathering."

"For the New York collection Mr. Yerkes was his own cataloguer. He got out for private circulation a catalogue of the works that cost thousands of dollars. We merely reproduced that catalogue in cheaper form."

CONFESSIONS TO A MURDER.

Pittsburgh Fugitive After Seven Years
Learns Man He Slashed in Sa-
loon Did Not Die.

(ASSOCIATED PRESS DAY REPORT.)

PITTSBURGH, April 25.—For seven years Oliver McKinley, formerly of Pittsburgh, has imagined himself a murderer, as the police, but he is not. The St. Louis police have him under arrest and have reported he has confessed to a policeman that of killing a man in a Pittsburgh saloon on August 11, 1928. On the date named McKinley stabbed a man in a saloon here, according to the police records, and fled, leaving the man for dead.

The victim, George Goltzbeier, a fellow employee with McKinley at a local packing-house, pulled through, however, and has lived peacefully most of the seven years that McKinley has roamed the country, but the police had never gotten track of him and had long ago given up the search.

REWARD FOR A SERVICE.

Pittsburgh Became Hero of Chicago
Invalid Whose Life He Saved
Years Ago.

(ASSOCIATED PRESS DAY REPORT.)

PITTSBURGH, April 25.—"Wanted—Lawrence Mayhorn—John A. Serlie wants the party named above, who saved his life on Fifth avenue, Pittsburgh, on Labor Day, eight years ago. If he is still living and will come to Chicago as soon as he can, he will be paid a reward of \$1000.00. The sole heir of John A. Serlie, who is an invalid and would like to see the young man and thank him again for his heroic act. Hoping to see him again, I live in hopes."

"Yours—John A. Serlie, No. 197 Sixty-ninth street, Chicago, Ill."

The above advertisement was received by a Pittsburgh newspaper several days ago, and a staff reporter was put on the trail of Lawrence Mayhorn. The man has been found on a wretched farm in the mountain settlement of Ohio, Fayette county, abed with an injured back.

He related modestly the story of warding off an attack on Mr. Serlie, who was a good and to shun the bad, which is suggestive. Women have no more right to parade themselves in a diaphanous costume on the stage than they have on the street."

"It is not only a fight against the immoral, but a criticism of the weaker among the legitimate shows which we propose. When a drama presents scenes of the corrupt and squalid without teaching a great moral lesson we will put it on our blacklist."

"We have tried the idea of demanding that the stage be censored, and we are not pleased with the results. Now we will educate the public to appreciate the good and to shun the bad, which is suggestive. Women have no more right to parade themselves in a diaphanous costume on the stage than they have on the street."

 San Jacinto—The Great Dictator. 8:15 p.m.

NEWS AND BUSINESS.

Lockwood at Occidental.
 W. W. Lockwood, general secretary of the Young Men's Christian Association of Shanghai, China, will speak at Occidental College at 11 o'clock this morning. Mr. Lockwood is one of three Y.M.C.A. secretaries supported by the local association.

A Call Imperative.

The Times has an informant who volunteered to supply important evidence in the Morán Shively mystery in connection with which the Stones are soon to be tried. Certain developments make it imperative that this man should call. The Times city room immediately.

Coming of the Comet.

An illustrated lecture on Halley's comet will be given by Prof. Baumgardt at the Young Women's Christian Association tonight. The speaker will use stereoscopic pictures of comets and motion pictures, showing the approach of Halley's comet to the earth and sun.

Honors for Potatoes.

A coronal session of Al Malakiah Temple, Nobles of the Mystic Shrine, will be held at the Shrine Temple on Friday evening, which will be the first official recognition of Fred A. Hines, Imperial Potentate. On Saturday night there will be a coronation and ball in honor of the new official.

Miss "Prof." Williams.

The University of Southern California will present Miss Louise A. Williams in her unique portrayals of the old type dandy in the Chautauques, universities and colleges of the country on many occasions.

Business College Picnic.

The Jessica Woodbury Business College will hold its May Day picnic at Long Beach on Friday. The party will leave the Electric station at 9 a.m., on special cars, and will return at 4 p.m. Among the pleasures of the day will be a two-hour ocean voyage on a steamer chartered for a trip to the San Pedro breakwater. Excursions of the college are invited to attend the excursion.

Arroyo Bridge Looks Assured.

That the 1200-foot bridge over the Arroyo Seco, near the Pacific Farm, will be built is practically assured by the action of the Board of Supervisors in this respect yesterday. A trip through the San Fernando Valley having been hastily planned.

Trying to Extradite McHale.

United States Marshal Youngworth in Culiacan, State of Sinaloa, arranging for the extradition of James McHale, formerly employed as a deputy in the local office. McHale is charged with falsifying his accounts. The government has expended hundreds of dollars in trying to bring the alleged offender to justice, though the supposed shortage only amounted to a few dollars. The officer went after McHale last year, but owing to delays in the courts there, failed to secure his man.

Rains.

The secretary of the Chamber of Commerce sent out a circular letter to hotel and restaurant men yesterday urging them to observe "Rain Day," by having lunch and dinner, rains on the menu of that day. "If it rains with your pleasure," states the letter, "and does not seriously interfere with your regular menu, will you not include as many dishes as possible containing raisins and call attention to the fact that the day, the 30th inst., is known as Rain Day all over the United States."

Dramatizing "From Hilda."

Thursday evening, at 8 o'clock, "Frau Hilda," one of Grimm's fairy tales, will be dramatized by the members of the club, Victoria II, in the auditorium of the Young Women's Christian Association, No. 251-255 South Hill street. This club is now two years old, and is composed of the cash and inspector girls in the Broadway Department Store. Fairyland is always attractive to young and old alike. Another attraction is a piano solo, to be played by Geness Santikian, a child who loves music and finds only pleasure in practice. Coronado's Reimbursement Call.

The application of the City of Coronado and the Coronado Beach Com-

pany for reimbursement for alleged damages incurred by encroachments of the ocean some time ago, has been referred to Lieut. Leoda, Corps of Engineers, U.S.A., for investigation. It is understood that the petitioners are endeavoring to have a special bill passed by Congress covering the expense incurred in putting in a sea wall. The total cost of the sea wall is understood to have been about \$200,000. Unless the petitioners can show that the damage was caused by reason of the construction of the government jetty it is not expected that Congress will grant relief.

Tongue's Slip His Undoing.

The slip of the tongue whereby a Chinaman declared that Santa Barbara was a suburb of San Francisco, had something to do with the order of deportation made by the United States Commissioner yesterday in the case of Leung Yik Woo Look and Ng Bow. The Celestials were arrested some time ago upon a charge of being illegally in the country. At the examination, Woo Look glibly said that he was born in San Francisco and hence was not subject to deportation. In interrogating him about his knowledge of his native city, the unfortunate Chinaman declared that he worked in San Francisco and went back and forth to Santa Barbara. He was equally hazy on other questions of geography.

Women to Promote Picnic.

Women, the wives, mothers, sisters and sweethearts of the members of the Illinois Association of Southern California, and the Illinois Club of Los Angeles, have been called on by the officials of those organizations to assist in making a success of the picnic and reunion to be held at Eastlake Park May 23. Twenty of the women met yesterday afternoon at the society's headquarters, No. 621 South Main street, and organized the Women's Auxiliary to the Illinois Association of Southern California. Mrs. Frank W. Blair was elected president; Miss M. Burt, vice-president, and Mrs. F. H. Kanna, secretary. The first official step taken was to determine to add to the picnic programme the feature of a May-pole dance. The arrangements for this was left with Mrs. Kanna and Miss Winona Huntley.

THEIR BUSY WEEK STARTS.

California School Superintendents gather in Annual Convention at Riverside.

RIVERSIDE, April 25.—School superintendents from all parts of the State are attending the annual convention which opened in the Glenwood this afternoon, for a five days' session. Edward Hyatt, State Superintendent of Public Instruction, presided and Dr. Benjamin Ide Wheeler, Dr. David Starr Jordan, President James Blandell, of Pomona College and other prominent educators will take part in the programme.

In addition to the more serious work of the convention, a number of pleasant side trips and social affairs will be enjoyed by the school men. The ascent of Mount Rubidoux will be made by automobile Wednesday afternoon, for the sky-sweeping view from the summit and the play of light and shade at the sunset hour. Trips will be made through the orange groves, and a visit to the packing-houses. In operation. Short talks on the citrus industry will be given here by A. F. Call and James A. Barr. A visit will be made to Sherman Institute and a picnic will be given at Fairmount Park, under the auspices of the Auburn Society. The cement plant at Crestmore will also be inspected.

An opening reception was held in the lobby of the Glenwood Tuesday evening.

BREVITIES.

For linotype machine composition, all faces and measures, at reduced prices, apply to The Times Linotype School, corner San Fernando and College streets; telephone Main 4206. Studio. Replier to The Times Want-ads addressed to the Branch Office, No. 521 South Spring, may be left for delivery at the Main Office. They will be promptly sent to the Branch Office. Southern California Standard Guide Book, by the Los Angeles Times, Price \$1; by mail, 10c extra. Address Times-Mirror Printing and Binding House, 110 N. Broadway, Los Angeles.

To let. A large balcony finished in hardwood throughout, suitable for offices, desk room, etc. Apply Times Branch Office, No. 521 S. Spring St. Clean complexion, normal system and Orange County Table Water go together.

Artificial eyes. Delany's, 209 Spring.

ST. GEORGE SOCIETY PARTY.

A progressive whist party was given by the members of the St. George Society last evening at Mammoth Hall. Mrs. J. J. Anderson first prize for the ladies, and Mrs. Harry Clarke, second. Jack Simmons took the gentleman's first prize.

HUNTINGTON AT THE HELM.
On Deck, But Asserts He May Soon Retire.
Covina Line to Be Extended to San Dimas.
Connection With Pomona Is Sure to Follow.
H. E. Huntington returned yesterday, after four months spent in New York, and will not only look after the finishing touches on his mansion, but will take up immediately the active control of his railway and power interests.
On his arrival in the city at noon Mr. Huntington established himself in his old quarters in the Jonathan Club, and at once tackled the mass of work that accumulated during his absence. He will remain in the club-rooms until the home which Hunt & Grey designed for him, and which is practically finished, is turned over for use.
Mr. Huntington will not bring his New York library to the Metropolitan Club, to Los Angeles, where he has 30,000 volumes here that will go into the new home.
WILL RETIRE.
"I have given little attention to affairs in Southern California during my eastern trip, and have not followed the various extensions of the line closely," said Huntington yesterday afternoon. "I have been trying to get out of business during the past few years, and when my home is done I am going to retire."
The eastern end of affairs is in fine shape. At the shipyards at Newport News four ships have just been turned out ahead of contract time, and we are prepared to handle any kind of work from United States battleships, up and down.
"I am going out and look over that house about the first thing," Hunt & Grey have had that matter in charge, and I want to see how it is getting along."
Mr. Huntington's trip was made from New York, through the shipyards at Newport News, and from there by way of New Orleans.
He returns to Los Angeles at a time when extensions of the line, power, railway and gas concerns (under his control) are being extended at an amazing rate.
ON TO SAN DIMAS.
Announcement was made yesterday that the committee appointed by San Dimas citizens for the obtaining of a right of way for the extension of the Pacific Electric lines, from seven miles east to San Dimas and Longburg have practically completed their work and that construction of the line will soon begin.
Just how soon work on this extension will begin is not known, for title to all property needed for the right of way has not been delivered as yet to the company.
When the San Dimas extension of the Covina line is complete there will be left only a stretch of seven miles, over comparatively easy country, to be built before the Pacific Electric of Pomona is connected with the Covina line from Los Angeles.
Beyond Pomona the construction of the Ontario and San Antonio Heights road, which is now under way, will connect Los Angeles with the valley points as far east as the city of Pomona.
To the south, the Pacific Electric has applied for a franchise to run a spur from the main line to the Craig shipbuilding yards, a Huntington property. Beach citizens have in part looked upon this spur as an attempt to corral a part of the harbor frontage. It really means, however, that the Huntington line only want to haul the freight which is to be delivered to a Huntington plant in order to keep profits at home.
"There has been no attempt to corral harbor frontage at this point," said a prominent official yesterday. "We simply own a shipbuilding plant at this point that requires freight to be hauled from our own, and do not desire to see other lines serving us when we can do it ourselves."
The boulevard around the harbor which the Huntington interests are putting in to parallel the railway tracks, now under operation will be completed this week.
FEWER DELINQUENTS.
Last Day's Rush at Tax Collector's Office Shows That Recent Prediction Will Not Work Out.
Property owners held themselves to the County Tax Collector's office in a swarm yesterday, in order that they might not be delinquent in their payments. It was the last day for the collection of the second half of the taxes for 1909.
The deputies took in \$147,003.38 through the windows. Letters containing checks were received by the score. How much cash is represented by their contents will not be known until the latter part of the week. It is likely that all records for collections on the second half were broken during the day.
It is estimated that the per cent. of taxes upon which citizens will have to pay an additional amount on account of being delinquent will be much less than last year, contrary to recent indications.
JUSTICES GET INTEREST.
Deputy District Attorney Shaw yesterday gave an opinion to the Board of Supervisors that Justices of the Peace who deposit bail money in banks are entitled to the interest it earns. He declared that they would be liable if the banks failed, and that they should have the benefit of the risk they take.
The question was raised by Justice Albert Lee Stephens. The magistrate had placed money where it would earn 2 per cent. on a checking account. He was not satisfied as to what he should do with the interest, and asked the Supervisors for instructions. According to Shaw's opinion, he has about \$50, which has accrued in this manner, coming to him.

HALF A CENTURY IN THIS CITY.
DEATH TAKES MRS. NEWMARK, AN EARLY COMER.
Once Carried Warning to American Colony of Hundred Families When Low-Caste Natives Threatened Massacre—Lived in Adobe House on Site of McDonald Block.
Mrs. Sarah Newmark, wife of Harris Newmark, and one of the earliest pioneers of Los Angeles, died at the home of her daughter, Mrs. Leon Loeb, No. 327 Westlake avenue, yesterday morning at 1:00 o'clock. Mrs. Newmark was 60 years of age, and had lived here fifty-five years. She came when there were less than 100 American families in the city. She was born in New York, and with her parents came around the Horn in 1855 in a small sailing vessel.
Here Newmark opened a general store. The family lived in one of a row of adobe houses on the site of what is now the McDonald block. The houses extended from Temple street south on Main to First, and practically all the American families lived in them.
She, with twenty-five other girls, attended a small private school which was conducted by Miss Mary E. Hoyt, who died in this city a few years ago, and who was a close friend of Mrs. Newmark.
One of the many friends she leaves is William H. Workman. She and he were school-mates in the early days.
"Mrs. Newmark was one of the most popular girls in the city at that time," said Mayor Workman last night.
"There were only a few of us young people, and in the evenings we would gather at her house and dance until midnight."
Mr. Workman told of a time when it was thought that the low caste Mexicans living in the northern part of the city were about to descend and murder the "gringo" population. It was Mrs. Newmark, he said, who brought the warning.
"It was a short time after William Getman, who was Marshal at that time, was killed in a fight with a drunken Mexican. There was a strong feeling on both sides, and the lower element of the Mexican section gathered and threatened to wipe us out. They were finally induced to abandon their plan by the better class of Mexicans."
"We were all gathered at my home one evening discussing the murder. Mrs. Newmark came and said to me: 'We're all going to be killed,' she cried. 'The Mexicans say they are coming to kill us all.'"
Mr. Workman then told how the American male population of the city armed themselves to resist the attack. They waited under arms for several hours, and the Mexicans, who had passed, the matter was finally settled amicably.
Mrs. Newmark was the mother of six children, four of whom are living—all in Los Angeles. They are: Maurice H. Newmark, Mrs. Leon Loeb, Mrs. Jac. Lowe, Mrs. Carl Seligman and Marco R. Newmark. She also leaves a brother, M. J. Newmark, of San Francisco, and two sisters—Mrs. E. Meyer of Los Angeles, and Mrs. S. Lazard of New York.
She was married to Harris Newmark in 1858, the ceremony taking place at her home. There were over a hundred guests, and the wedding was a grand affair. She had since celebrated her silver and golden weddings. Two years ago the golden wedding celebration was held, and among the guests were a few who had attended the marriage in the old adobe house.
Funeral services will be held at the residence of Mrs. Loeb at 10 o'clock tomorrow morning. Interment will be in the Jewish Cemetery.

MAY END IN CIVIL SUIT.
Trial of Former Manager of Insurance Company on Embezzlement Charge Is Set.
M. G. Youkum, former manager of the Pacific Mutual Life Insurance Company of California, was arraigned before Justice Summerfield yesterday on a charge of having embezzled \$222, which had been entrusted to him by A. Levy, proprietor of Levy's Cafe. His examination was set for May 5. Levy alleges that he gave a check for \$222 to an agent of Youkum, to apply as a premium on his insurance, and that it was misappropriated. Attorney Spencer, who represents Youkum, says that the whole affair will probably result in a civil suit.
CHINAMAN ACCUSED.
Mills Sing, who is accused of having kept white slave girls, who were enticed away from the Door of Hope, was charged with a statutory offense on Edith Curtis, in a complaint filed before Justice Summerfield yesterday. He is in jail. Another Chinese is sought by the probation officers on a similar charge.
ADMITTED TO PRACTICE.
Silas A. Keeler of San Diego was admitted to practice in this State in the Second District Court of Appeal yesterday.

ALL HANDS TO THE PUMPS!
Census Needs the Help of Every Citizen.
Supervisor Farmer Issues a General Appeal.
Names of Temporarily Absent Are Sought.
In a final effort to complete the census of Los Angeles Supervisor Farmer is publishing an appeal for assistance from every citizen. There are but five more days for the count, including today, and if every one is to be included it will mean strenuous work on the part of the enumerators. Not only this, it is necessary to have the help of every citizen in reporting persons temporarily away from home. The law provides that they shall be counted here and not in the place they may have been to be.
Farmer sent out a letter last night by special messenger to all the lodges in session asking them to assist in this work. He also mailed letters to every lodge that meet on a subsequent night of the week. Through the Chamber of Mines he got in touch with a large number of men who are temporarily in the oil fields in the North. All of these things will help to make the count more accurate.
One of the great surprises of yesterday was the report of an enumerator that a school teacher had refused to answer his questions. Through the intervention of the principal of the school the report was never secured, but it was a revelation even to experienced census men to find a person of the supposed intelligence and respect for law of the public school teacher refusing the information. There are three persons in Los Angeles against whom it will probably be necessary to make a search.
"I hate to bring these cases before a judge," said Supervisor Farmer, "if the enumerators tell the judge what these people said about the census, it would be a reflection on the authority of the United States and the authority of its laws. I am afraid he would give them the limit."
Supervisor Farmer's appeal, addressed to "The People of Los Angeles City," is as follows:
"As the period for taking the census of this city is about to close, and because of my desire to enumerate every person entitled to such enumeration, I take this means of calling upon every public-spirited citizen of Los Angeles for assistance in the final completion of my work.
"It should be the ambition of all to show as large a population as it is possible to obtain, and this cannot be accomplished without the united cooperation of every man and woman living in this city.
"It has come to my attention that many of our people, who are temporarily absent from the city, and they will not be enumerated, if those having such knowledge fail to notify this office.
"If you should discover that a number of people have avoided our enumerators, and for various reasons have failed to give them the information required, please notify me at once. I will personally call on all such persons the necessity of promptly notifying this office of these omissions, and now call upon them to send in the names of all persons who have been neglected to prepare lists of all persons residing with them, and our enumerators will be glad to visit them at these places. They will again be called upon to furnish the names of such persons, and will be asked to make a list in every way possible in securing the proper listing of their roomers."
"I have refrained from using drastic measures to assist our enumerators, or to give them all the information required, as shown on our population schedules, will be dealt with according to the law.
"I desire to thank those who have already assisted me in my duties, and request of them a continuance of their support. I should be the desire of every person in Los Angeles to make the best showing possible, and I call upon them to assist me in the closing hours of my work."
The Chamber of Commerce is aiding the census enumerators in every possible way. It is very important that every person in the city be enumerated, and to give them all the information required, as shown on our population schedules, will be dealt with according to the law.
"I desire to thank those who have already assisted me in my duties, and request of them a continuance of their support. I should be the desire of every person in Los Angeles to make the best showing possible, and I call upon them to assist me in the closing hours of my work."
The following letter was sent to each member of the Chamber of Commerce yesterday by President Scott:
"April 26, 1910. I refer to the necessity of each and every citizen, at all interested in Los Angeles, seeing that not only his own name was listed with the census enumerators, but to assist as far as possible in seeing that his neighbor, and his neighbor's neighbor, were also listed.
"Within the city limits there is now only five more days in which residents can have their names placed on the census list, and the chamber feels that it should again call the attention of its members to the necessity of every one being listed.
"This is a matter of great moment to our city, because on the census enumeration will depend the Federal appropriations and apportionments in the next ten years, and we cannot afford to let a single one of our population escape enumeration. Will you, therefore, make every effort possible to see that your friends and neighbors are counted in and urge any one who is indifferent in the matter not to wait for the enumerator to come round, but if he has not been counted or called on so far, to make it a point, even if he has to go to the enumerator's office, to see that he is counted as one of the inhabitants of Los Angeles, before next Saturday night, or the Chamber of Commerce will accept the blanks as a matter of accommodation."

CALL OF DUTY.
JOLT FOR THE JAILERS.
Police Commission Dismisses One and Reduces Two—Questional Applications.
In the case against the three jailers, for neglect of duty in failing to send a Mexican to the Receiving Hospital, when arrested for drunkenness, but with a knife wound on his arm, the sentence was announced at last night's meeting of the Police Commission. Officer Story was dismissed from the service, Sanders was ordered put on a beat, and the Chief of Police was directed to give Boyd work outside the jail.
A large portion of the time of the meeting last night was given to hearing the evidence for and against Patrolman Heicher, resulting from his dispute with Mrs. Poletta, an Italian boarding-house keeper, and from the charges of Mrs. Windsor's dog. The charges of the officer were not well sustained, and a number of witnesses testified in his favor, with the result that the charges were dismissed entirely.
A score or more bathroom and massage applications were refused, and about an equal number of poolroom applications got the same treatment.
FAIL TO FIND WATCH.
County Hospital Officials and Police Investigate Alleged Disappearance of Woman's Timepiece.
Rumors of robbery led to an investigation at the County Hospital yesterday of the alleged disappearance of valuables said to have been in the possession of Miss Harriet Anderson when she was taken to the hospital Wednesday afternoon for an operation for cancer. She died there Thursday afternoon, and was found to be in a destitute condition, but was said to have left her rooming place at No. 239 South Barker Hill street with some money and a gold watch valued at \$150.
Miss Edith Buffington, a nurse, who roomed with Miss Anderson, says that she had an engagement with her friend by which she should sell the watch and defray funeral expenses with the proceeds in the event of an operation proving unsuccessful. When Miss Anderson died, Miss Buffington called at the County Hospital, and learned that the watch had been recorded as turned over to the property clerk. No trace of it was found, and the matter was reported to the South Barker Hill street where Miss Anderson left home she had only a few nickels.
Superintendent Whitman and Detective Zeigler questioned all who were with the unfortunate woman after she arrived at the hospital.
The detectives believe that if Miss Anderson were the watch when she left her room it was taken from her by some pickpocket.
Miss Buffington was not in town when her roommate left for the hospital, and could not say that she wore the watch. To all inquiries made by the police she refused to talk. I have personal reasons.

EXCUSES NOT EFFECTIVE.
Automobile Speeders Tell Justice How It Happens, But Pay Twenty-five Dollars Each.
Several automobile speeders appeared before Justice Rose yesterday and volunteered explanations in lieu of fines.
F. E. Reid, N. J. Chandler and G. C. Stinson each paid a fine of \$25. J. R. Kepp had his hearing set for 10 o'clock this morning and a subpoena was issued for his employer, L. S. Blackney, No. 525 Colorado street.
"P. J. Austin obtained permission to have his case carried over until this morning. A. L. Smith was given a \$25 suspended fine pending good behavior."
Chandler laid his arrest to the fact that it was so dark that he could not see his speedometer. When the court smiled at this statement, he explained that there is a broken brake on his automobile and that he was trying to stop it. The broken brake was interesting the magistrate when Motorcycle Officer Gardner volunteered the remark, "He didn't need any brake when we were after him." The defendant looked grieved, when he was assessed \$25.
Stinson placed the burden of his arrest on a missing speedometer.
"I just estimated the speed and figured that I was not making more than twenty miles per hour," he said, with a shrug.
"Well, you can't be much of an expert driver to guess so badly. The officer says you were going close to thirty miles per hour. If you can't guess better than that—50 per cent to the bad—one-dime would be a fine investment for you," said the magistrate, as he marked "25 or 25" on his notes.
BARLEY CASE REVERSED.
The Supreme Court has reversed the Superior Court of Orange county in the case of Will B. Chormick against the Southwest Warehouse Company. In the lower court a verdict was returned in favor of the plaintiff. The defendant appealed, and will get a new trial. The plaintiff alleged that one of the employees of the defendant sold him a lot of seed which was represented to be bearded barley, and that, when planted, it proved to be beardless barley. The plaintiff alleged by reason of this substitution he had only a scanty crop. The defendant denied it had given any warranty as to the seed.
HE WOULD BE CONSTABLE.
W. J. Davis yesterday filed an application to be appointed constable of Compton to succeed A. R. McIntosh, whose resignation was recently accepted by the Board of Supervisors. His request was taken under advisement.

HAVE YOU BEEN COUNTED YET?

SUBURB COY BUT WILLING.
South Pasadena Ready for Consolidation.
May Accept Los Angeles or Embrace Pasadena.
Meeting Called for Tomorrow to Decide on Plan.
The sentiment in South Pasadena toward consolidation with Pasadena and Alhambra is divided, but a number of the leading citizens predict that a large silent majority for such a consolidation will carry an election. To formulate a plan of action, Walter Raymond has called a meeting of a committee from the South Pasadena Chamber of Commerce to meet at his hotel tomorrow evening.
There is a widespread sentiment in the suburb that the time has come to take some step that will secure city advantages. The lack of sewers and fire protection is holding the community back. Real estate dealers, in particular, are for affiliation with one city or the other, and the lack of instantaneity, in which prospective residents have foregone plans for \$15,000 and \$20,000 residences because they could not have city conveniences.
It cannot longer be doubted that all three of these communities are in favor of the city and county consolidation programme—that is a majority of the people would vote that way.
South Pasadena is taking the lead. She wants to consolidate. The only question is, shall it be first a union with Pasadena and Alhambra in one large community and then consolidation with Los Angeles as the next step; or shall there be but one step, and that immediate consolidation with Los Angeles?
Tomorrow's meeting will be the first toward a settlement of the conundrum.
Walter Raymond, the heaviest single property owner in the suburb, is in favor of consolidation with Pasadena. He is not antagonistic to the idea of joining with Los Angeles, but believes the first step in that direction should be to unite the cities of Pasadena, South Pasadena and Alhambra.

FAVORS ALL IN TOGETHER.
"If these three communities were in go into Los Angeles, singly, one at a time," he said, "they would be as one corporation, they will cut quite a figure both in territory and population. If I were considering the question of immediate consolidation, I should be in favor of this move as the first step."
"It may be that this action is but a few years distant. In the meantime, South Pasadena can get the things she wants more easily from Pasadena than from Los Angeles. The sewer runs directly through this district at the present time. I am not informed as to its capacity, but it certainly is well situated to serve the district with the construction of a few laterals."
"The lighting plant is now serving territory much further from the power plant than this would be. In fact, the plant is well located for the center of such a city as is contemplated by these additions to Pasadena. The water system also extends to Raymond Hill. For fire protection we are more conveniently situated to the Pasadena department than to any branch of the Los Angeles service."
"There is but one difficulty, so far as I can see, and that is the matter of car fares. The people of South Pasadena certainly would not be willing to give up the 10-cent fare provided by the present ordinances. It is a question whether the railroad company would serve one part of Pasadena with a 10-cent fare and not another. Still I believe that matter is satisfactorily handled in the case of districts that have been annexed to Los Angeles, in which no change of fare has been made."
"The question of annexation does not concern me much personally, as we enjoy the advantages of Pasadena at the present time. I can see, however, that it will be of great benefit to the property owners to secure these things and I believe consolidation with Pasadena is the most practical means. We shall have to meet with the Pasadena and Alhambra committees before we can decide on a plan of action."

FOR METROPOLITANISM.
C. B. Fagg, a leading real estate dealer, believes the time is ripe for a move toward metropolitanism by the South Pasadena. He believes the absence of city advantages in all that holds the suburb back from a development twice as rapid as that now going on.
"The property owners and residents are largely in favor of a practical scheme of getting into Los Angeles or Pasadena," he said. "The adverse sentiment comes from the office-holders, who have personal interests at stake. It sometimes seems that we have about reached the limit of our growth until some such step is taken. People come through here, and are attracted by the beautiful location. They stop off and begin to inquire about conditions, and what they find."

- \$3.50 napkins, \$2.40 doz.

Vudor porch shades

Those inside can see out through them but outsiders cannot see
in. They give seclusion and privacy, permitting the free use of
the porch as an outdoor room. They keep out the sun and glare
but let in the breeze and sufficient light for reading, sewing or
games.

Vudor Porch Shades are made of wide strips
of linden wood firmly bound with strong seine twine.
They are artistically stained with weather-proof col-
ors in greens and browns.
They last for years. Vudor
Porch Shades must not be
confused with flimsy bamboo
or imported screens. Vudor
Porch Shades cost from \$2.50
to \$6, according to width, and
a porch of ordinary size can
be completely equipped with
them at a cost of from \$5 to
\$10.

The Howd (Lace Front) Corset
Models for Stout and Slender Women.

All the wise people who make a study of happiness tell us that the way a woman
feels in her mind depends more than you would ever suppose upon how she
looks in her body:

In other words, a trim, bright, lovable appearance has a trick of "striking in"—a woman
actually feels happier just because she has taken the trouble to make her clothes look better.
And so often, when she is a large woman, that little extra painstaking makes the entire dif-
ference between her being an attractive-looking person with good poise and carriage—or the
other sort.

A great deal of this painstaking should be given to the corset. If she will choose one
that is as simple as it is strong, one built expressly with a view to helping her to keep her
chest up, one that has good lines and proper length over the hips, she has gone a long way
toward her goal. So many women have found the new HOWD LACE FRONT corsets an
immensely satisfactory make, that we are glad to suggest them. And, of course, there are
dozens of styles for the slender women, as well.
The range of prices is from \$5.00 to \$18.00.

**Handkerchiefs at
Five Cents**
Really Good Qualities.

If you are inclined to think that a
handkerchief possessing any merit can-
not be made to sell for five or ten cents,
this is your opportunity to be convinced
of your error:
Such handkerchiefs are fully nice enough
for use by children at school or at the
beach; they are infinitely superior to cheap,
"slazy" articles usually sold at the price.
All pure linen handkerchiefs, children's
size, 5c.
Arabian lawn handkerchiefs, in cross-bar
and taped effects, or with pretty colored
borders, 5c.
SOMEWHAT BETTER QUALITIES
In men's initial handkerchiefs, hand em-
broidered on pure linen; regular 50c qual-
ity for 35c.
And regular 35c quality for 25c.
Women's Ardinges hand embroidered in-
itial handkerchiefs, regularly 35c, for 25c.

**Clever Silk Novelties for
Summer Gowns, Etc.**
Novelties in silks—novelties of the
highest class, and small quantities,
comparatively speaking, of every sort,
so that you run no risk of duplication
if you select one or more dress pat-
terns:
24-inch border chiffon voile, for scarfs, in
exclusive patterns; many women are em-
ploying these silks for motoring scarfs and
tunic drapes, \$1.25.
45-inch border chiffon voiles, in white and
champagne grounds, new and exclusive;
the borders being in Persian designs of un-
usual beauty, \$3.00.
45-inch black grenadines, in plain, fancy
striped and jet effects, \$1.25 to \$10.00 a yd.
45-inch black Marquisettes, at \$2.50; plain
ones at \$2.00; 20-inch place messalines, for
lining all sheer silks, \$1.00.

SHAKE INTO YOUR SHOES
Allen's Foot-Ease, the antiseptic powder, cures painful, smarting, nervous feet, and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's Foot-Ease makes tight or new shoes feel easy. It is a certain cure for sweating, callous, swollen, tired, aching feet. Always use it to Break In New Shoes. Try it today. Sold everywhere. By mail for 25 cents in stamps. Don't accept any substitute. For FREE trial package, address Allen S. Olmstead, Le Roy, N. Y.

And by-the-by, if you have not, in your kitchen outfit, a mayonnaise-mixer, do purchase one, with your next shopping. It will save you many an hour's work, and also save in actual cash, in wasted material, by not doing the wear upon your fingers, for nothing is quite so aggravating as to have your mayonnaise "separate," after all your work. This always happens, too, when the most particular guest is coming, and we are anxious to prove our prowess. But with the mayonnaise-mixer, it does not happen at all. You see, the little "milly" is so constructed, that the oil goes in, drop by drop, as you work the crank, and all ingredients are so gradually brought into contact that harmony is assured. Time was, when only chefs, or equally great people, could afford this contrivance, but it has now been brought within reach of the humble housewife. For the warm weather menu, no one thing is so essential, as good mayonnaise. It may be kept well, upon ice, for some time, and it adds real luxury to many of our ordinary dishes; while at the same time, it is a true food.

What to Wear.
Creme Ena is a material with a subdued satiny luster which is delightfully pliable and is yet of a fine light weave. Metallic ribbons are with us in gorgeous array, and the latest among them is a refreshing green with silver edges. An evening gown fringed of jet or electric blue, placed upon the bodice of the skirt, much as boucians of lace are made. In green, blue and white a piece of printed damask, founded in one of the expressions of the season's changeable fashions. Soft satin is used for many of the most charming afternoon gowns, the very deep hem being one of the distinguished features. One of the best ways of trimming the striped wash silk for very little cost is with the narrowest ribbon velvet made into bows. Some of the new scarfs are veritable masterpieces. They are of children and measure three yards in length by a yard and a quarter in width. The fascinating Dutch silver buttons are being used this season in a variety of ways. Mounted on long pins, they make stunning hat pins. Persian pattern pique is used for soft scarf-like decorations on some of the hat shapes by black or dark blue faced with black. If the collarless gown is finished at the neck with a narrow gift braid, a touch of Valenciennes or some such ruching should be added. Collarettes are of lace, tulle, hand embroidered linen or figured net. Some have touches of black velvet in the form of tiny bows on the front. For hat trimming the rose is the flower most usually used. Of every conceivable color it is fashioned, and the construction is as varied as the form. Eerie linen, striped with black, is bought by the artist-dressmaker with a view to its embroidering possibilities, as it may be used in many ways. The fancy for color in all things wearable, for contrast and for startling effects has invaded the realm of the hitherto conservative handkerchief.

For children the kimono frock is solving the question of comfort and of easy construction, for this new model buttons down each shoulder and sleeve. Square sailor collars of Irish crochet are somewhat newer than the round Dutch collar. They will be worn with some of the collarless wash gowns this summer. Many of the new spring models show pleating in various ways, and as the season advances the demand for this charming fashion bids fair to increase. Some of the new "middy" collars for young girls are of white pique or linen with a colored border of the same material. The tie worn with one of these collars matches the border in color. The monogram of even the single initial has demanded its peculiar place on the embroidered parasol, whether there be a full all-over design or the merest touch of work on linen, silk or pongee. Round length dresses for afternoon and evening are entirely too comfortable to be on the wane. More than ever they are seen both simple and elaborate for the dance.

LETTERS TO THE TIMES.
The Times freely published the views of correspondents without holding their responsible. The space of 26 words, on the average, is ample for the most concise and to the point. The letters are liable to be declined merely on account of their length.

Whose Child?
LOS ANGELES, April 25.—(To the Editor of the Times.) As a reader of the Times, in the love of justice, and in the love of my own sex, I wish to congratulate the sister who had the courage of her convictions, and who, under the subject of "Whose Child" under the head of letters in the Sunday Times. For years it has been a subject very near my heart. I fully coincide with the writer. The law is not a just one favoring the father. I had an only son that was dearer to me than life. His father, in his training of him, filled his mind with sea-faring romances, beginning as soon as the boy was able to read. He would not go to school another day; he intended to join the navy. I told him lovingly and kindly that it was a great blow to me as I had additional hopes for his future, but as he seemed determined to go, I would yield my wishes to his, although it was against my judgment.

I corresponded with officials at Mare Island, and Washington; made all arrangements to have him enter. I knew his father would not oppose it. I took my own money to bear his expenses, made out the papers signed by myself. I sent him to Mare Island to enlist. He was informed that his mother's signature did not count. She had no legal claim upon him, he belonged to his father. He stayed in San Francisco at my expense four weeks until the paper could catch up with his father's traveling, and get his signature, and consent for the boy to enter the navy. You can imagine how I felt. I did not own my boy. His father owned him and turned his claims on him to Uncle Sam until he was 21. So I have never legally had a son. Had he been a poor illegitimate boy I could have claimed him and his father never

Pajama Cloth 20c—It is 30 inches wide; a fine, soft finish, for underwear.

27-inch Poplins at 20c Yard.

Sece Silk at 35c—In clever dot patterns and plain.

Fancy Swiss at 25c—In checks, stripes and dots.

A Famous Painting FOR TIMES READERS

It is universally conceded that, as an animal painter, Rosa Bonheur was the greatest the world has ever known. So conscientious, so devoted to the real in art, it was her custom when portraying the death struggle of an animal to visit the slaughterhouse and there patiently observe the final twitching of the muscles as life became extinct. The results of her painstaking efforts soon made her a world-renowned figure in this most difficult line.

"The Horse Fair"

In 1853 this wonderful painting was exhibited for the first time and created general astonishment. In order to obtain material for this picture, Mme. Bonheur adopted masculine dress, which she never discarded.

"The Horse Fair" was originally the property of the "merchant prince," the late A. T. Stewart, but was acquired by the Metropolitan Museum, where it now hangs, and is viewed daily by hundreds of visitors.

NOTICE OF PUBLIC LAND DEPARTMENT OF THE INTERIOR, LAND OFFICE at Phoenix, Arizona, March 29, 1910. Pursuant to Act of Congress approved April 20, 1904 (32 Stat. 77) and Regulations issued thereunder, notice is hereby given that on May 19, 1910, at Phoenix, Arizona, beginning at 10 a. m. and continuing from day to day, as long as necessary, we will offer singly or in public entry to the highest bidder at not less than the appraised value thereof, the unreserved and unreserved lands in Parker Township, Arizona, as delineated and designated on the plat thereof, approved by the Secretary of the Interior on June 24, 1909, and now on file in our office. Bids may be made by agents held out by mail. On any accepted bid of \$10 or less full payment must immediately be made, and on any accepted bid exceeding \$10, payment of that amount must be made at once. In the remaining balance of the purchase price to the receiver at Phoenix, Arizona, on or before November 1, 1910. Failure to make any payment as above required will forfeit all rights under such bids including forfeiture of the money paid. All parties are warned, under the penalty named in Section 2273 U. S. Rev. Statutes, against any combination or action tending to hinder or embarrass the sale of said lands or to prevent the completion of the same. J. P. PARKER, Register. CHARLES E. ARNOLD, Receiver.

Lively Presentation of the Day's Interesting Happenings in Los Angeles County.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

WORK HARD ON SCHOOL BONDS.

Children Enlisted by Board of Education.

Will Reach Voters Through the Youngsters.

Three Automobile Accidents, Man Badly Hurt.

Office of The Times, No. 23 S. Raymond Ave.

PASADENA, April 22.—At 3 o'clock this morning a pupil of the public schools will be given a printed circular, issued by the Board of Education, setting forth the reasons for calling for a bond issue of \$100,000 for the proposed new high school buildings and grounds. Each pupil will be asked to take the circular home and hand it to his parents. It is believed in this manner every voter will be effectively reached.

Among some of the voters of the city there is a misconception as to the facts of the case. It is argued that the board should issue a printed booklet giving in detail the amount of money to be expended. This would not only be impossible, but impracticable for the reason that the board had no money with which to employ an architect to complete plans and specifications. What the board did was to make an investigation for several months into the needs of Pasadena for a complete up-to-date high school, including the manual training, domestic science, scientific, classical and literary courses.

What is needed is buildings large enough to accommodate at least 1200 students. This does not mean 1200 students in each course, but a total of that number. Percentages from other high schools were used showing the relative numbers who are interested in this or that course. There will be an assembly room large enough for the entire school. There will be either one entire building or a wing of one large building devoted to the sciences of biology, zoology, chemistry, civil engineering. Each of these departments will have separate class rooms and laboratories. The building is planned to be the most modern in the country and to give thorough courses of education in each of the trades so that the pupils will be turned out master workmen.

Another building will be entirely devoted to domestic sciences in which girls will be given thorough courses in cooking, sewing, millinery, dressmaking, and all occupations followed by women, but particularly in the home keeping line, such as home hygiene, nursing, preparations of food, etc.

Another building will be devoted to the classical and literary courses for those who may desire to pursue those studies. Of course, all the manual training students will want to take up some of the studies in the classical and literary courses, such as literature, history and some of the languages.

No partiality will be shown, but every student of the new high school will be able to take a thorough course in learning in any branch he desires. The cost of these separate buildings, class rooms, equipment for shops and laboratories has been carefully figured out at \$400,000. Of this amount \$100,000 will be needed for furniture and equipment. All of the buildings will be fire proof throughout, the construction being cement and iron. The various laboratories will be finely equipped in every detail. In addition to this the playgrounds for the boys and girls will be separate, and convenient.

If the bonds are carried a competent architect will be employed.

ATTEMPTED ACCIDENTS.

Yesterday was an unlucky day for automobiles and as a result one old man is badly hurt and two fine big touring cars are out of commission.

The most serious accident was that to Henry Givins, who lives at No. 822 Cypress street. He was brought home about 8 o'clock last night unconscious after having been hit by an automobile and seriously injured about the back and head. He could not tell where he was hurt, when or by whom. He was brought home in a touring car, was laid at his door, and the chauffeur quickly drove away in the darkness.

About 7 o'clock Frank H. Disbrow was hurrying home, bowling along East Colorado street at a merry clip in trying to dodge some people waiting for a car at the corner of Los Robles. Disbrow collided with an electric light pole. Disbrow was thrown out, the machine badly wrecked and the lights went out in the Hotel Maryland. Disbrow struck the iron pole so hard that he jolted the fuse out and it took two hours before the guests of the hotel could finish their supper. To avert total darkness, a few waiters carried small Christmas tree candles about the corridors of the big hotel.

Early yesterday, W. M. Murphy's colored chauffeur took the big touring car out of the home garage at No. 611 Palmetto drive, and went down to Bruley's garage to have some repairs made. As the chauffeur was trying to make the turn into the door on Raymond avenue something went wrong and the machine, colored chauffeur and all, went crashing through the large plate glass window. The window glass and frame were broken and scattered about the room and sidewalk and the big car badly damaged. The chauffeur was unhurt.

CLAMOR FOR WATER.

Residents of the extreme southern limit of South Pasadena are clamoring for water. The dry weather of the past few days has dried up the water holes and wet weather wells and now the residents have to carry water from cisterns or wells and hydrants in buckets, for domestic use. For the present the use of bath tubs is out of the question and the residents of the district will have to go to the beaches for total immersion. The South Pasadena "dry tract" is located alongside of Huntington Drive, just south of Oneonta Park, and west of Sierra Vista station, where a large number of new houses have been built within the past year. The people have sent a red-hot petition to the Board of Trustees of South Pasadena demanding water, but the demands on the Pasadena water companies are so heavy that the chances for relief are not favorable. The residents of Pasadena's famous "dry tract" held another large meeting

GIRL FALLS FORTY FEET.

Is Dared to Swing from One Tree to Another—Elbow Is Dislocated.

LONG BEACH, April 22.—Miss Ruth Jones, 16 years old, daughter of Jonah Jones, fell forty feet from the top of a cypress tree, in Orange county yesterday and escaped with a dislocation of her left elbow. The accident was the result of a dare. The Jones and Hart-horn families were camping in the mountains and Mr. Hart-horn offered 50 cents to any one who would climb the tree and cross to another tree. His sister accomplished the feat, but Miss Jones swung onto a dead limb, and, crashing through the branches, landed in a soft spot where squirrels had been digging.

Last night, those present were told to "hold the fort" as things were coming favorably. The suit brought by those people against the North Pasadena Land and Water Company was called yesterday and the demurrer of the defendants overruled. The "dry tractors" believe they now have an excellent chance to win and prove the water company a public service corporation. The city ordinance fixing the maximum rates for water. The stockholders of the water company believe they are a community organization and the city cannot control the water rates. The proposed consolidation of the Pasadena water companies will be held up until the case is decided.

BARGAIN DAY.

H. C. Prinz and A. J. Berthelme, president and secretary of the Merchants' Association, visited Sierra Madre yesterday in the interest of the coming "bargain day" which is to be given some time next week by the Pasadena merchants. The town will be billed later but the trip yesterday was to pave the way for a mutual benefit campaign in the interests of a local merchant. The matter of cheaper transportation between the two cities was also discussed with the residents of the foothill city.

SMART AFFAIR.

One of the smartest society affairs of the spring was the luncheon given yesterday afternoon by Mrs. Charles Crans Perkins at the Pasadena Country Club in honor of Mrs. Edgar W. Loomis, a New Orleans social hostess of San Francisco. The clubhouse was beautifully decorated. Covers were laid for eighteen.

One of the happy spring weddings was that of Miss Alta Reay and Alvin C. Wadsworth last night at the home of the bride's parents, Mr. and Mrs. John Reay, No. 148 Kirkwood street.

The ceremony was officiated by Rev. Dr. Albert Hatcher Smith. The reception and wedding supper which followed were attended only by close friends and relatives. The bride and groom departed on a late train for a short wedding journey.

Arrivals at the Hotel Maryland yesterday, P. Carrington Kealy, Chicago; Mrs. Paine, Sandusky, O.; Mrs. S. D. Cargill, Harold W. Hoffman, Minneapolis; R. E. Baker, New York; D. P. Pullerton, Misses Mrs. and Mrs. O. A. Hilgermann, Weindeland, Wis.

Book-keeper wanted, one with some book-keeping experience. Send full particulars with reference to first letter. Box 72, Times Office, Pasadena. Wadsworth sells paints.

Hotel Vista del Arroyo, New annex, bunkhouses, unexceptionable environment, Pasadena.

See Phelps for fine wall paper.

Indian baskets with cover for work baskets. Wigwag, 61 N. Euclid.

Hotel Maryland and Maryland bungalows will remain open all summer.

HOLDS FIRST SERVICE.

Roman Catholic Priest Officiates at South Pasadena—Report on City's Finance.

SOUTH PASADENA, April 22.—A Roman Catholic parish has been organized here. The first service was held yesterday, when Dr. R. Cotter, the priest assigned by Bishop Conaty to this place, officiated. Saturday night there was a meeting of the seventy-five Catholic families interested in having such a parish in this city. Dr. Cotter expressed himself as greatly encouraged with the outlook, and said that he felt a united effort was all that was needed to build up a strong church here. The organization owns the lot at the southwest corner of Fremont avenue and El Centro street, on which there is a house in which Dr. Cotter will reside. Eventually it is expected to build a church edifice on this lot. Dr. Cotter comes from Hollywood, where he was the past two years.

J. W. Hooker, the accountant, employed to audit the city's books, has made the following report of the condition of the Assessor's and Tax Collector's books, from November 1, 1917, to April 15, 1918, was: Collected after becoming delinquent, \$4,819.76; collected before becoming delinquent, \$24,514.75; total, \$29,334.51; delinquent charges, \$372.73; total collections, \$29,707.24.

Rev. J. Harvey Deere, pastor of the Baptist Church, will speak at the assembly period in the High School Auditorium, Tuesday morning.

The directors of the Chamber of Commerce have decided to give another dinner on the date of their next monthly meeting. The last dinner was not successful that a great many requests have come in for another to be held.

GOOD RESULTS QUICKLY SEEN.

FAVORABLE VOTE ON BONDS IS HELD TO WILMINGTON.

WILMINGTON, April 22.—The good results of the recent election for bonds to improve the inner harbor are seen in the evident fixing of stable values of property here. Instead of a wild flurry of speculation in real estate, anticipated by many, there has been a notable confidence established among real estate buyers in the future of Wilmington. As a safe town for investment, and a large number of sales has been made, but almost wholly to those who believe that there will be a substantial increase in values and not that property is to rush into a fictitious stage, which has characterized so many Southern California towns.

The basis of this confidence is in the renewed activity in the matter of erecting substantial business blocks. The announcement made by City Attorney Hewitt last week, that the long delayed street grade would be forthwith established and improvements of the streets would be ordered at once, has stimulated the work of building. Several large structures, including the new hotel at the corner of Second and Canal streets, two brick blocks on Broadway, to be put up by Harry Barndollar, and others, and several private residences.

Property values on Fries and D streets have been stimulated by the announcement made by Mr. Hewitt that these streets would be widened to the main thoroughfare of commerce to the city's municipal wharf frontage. The Leonardo property on Third and Fries, sold last week for \$600. This is 115 feet by 32 feet, and fronts on Fries street. There has been a number of sales made in other sections. F. S. Carr has sold his home, piece on Eighth and Main streets, to a local merchant. The matter of cheaper transportation between the two cities was also discussed with the residents of the foothill city.

RAILWAY GRADING FINISHED.

The work of grading the Pacific Electric Railway around the west basin has been completed. The steam shovels were taken off last Saturday and the right-of-way must be completed by May 1, as the franchise which the railway company secured from the city of Wilmington before consolidation, expires on that date. The line will be struck with the line across the bay to the city of Wilmington. The company will retain its present line over the waters of the bay, where the bridge between the east and west basins of the harbor will be built, however, that it will be abandoned, and freight and passenger traffic will be carried around the bay shore.

Mr. J. W. McNeil, of Long Beach is from Wilmington, and it is reported that cars will be running by May 1. The service will be for the accommodation of laborers in the lumber yards who are working on the new bridge. The clubhouse was beautifully decorated. Covers were laid for eighteen.

WILL MAKE LONG TRIP.

Alhambra Architect and Wife Are to Depart for Europe Today, to Stay Two Years.

ALHAMBRA, April 22.—W. F. Middleton and wife will leave Tuesday for a two-year trip abroad. After a short visit at his old home, Crowley, Sussex, England, Mr. Middleton, who is an architect, will spend a year in Spain and one in Italy in architectural study. After which he and Mrs. Middleton will return to their home in Alhambra. Hon. Clarence Routh of Pasco, Wash., is the guest of his uncle, Judge E. A. Routh.

Mrs. Frank Hilton and George Bennett have been appointed delegates to the Knights of Pythias Grand Lodge, which will convene at Santa Cruz in May.

SUFFETED.

LAUNCH CAUGHT IN BAD FLIGHT.

Engines Break Down While Stiff Gale Blows.

Craft Is Tossed About in Channel Several Hours and Frightened Passengers Are Then Landed at Long Beach—State Library Association Holds Annual Convention.

LONG BEACH, April 22.—The fishing launch Adele, from San Pedro, with a number of passengers aboard, came into the inner harbor last night to be hailed out, and allow her terrified passengers to land. The Adele was caught in a stiff northwest gale when off Newport, and her engines being broken down, the launch tossed about in the channel for several hours. Finally the storm abated and the crippled boat limped as far as Long Beach, where passengers and crew were safely landed.

STIFF CLAY IS REACHED.

A test well being sunk on the site of the Edison plant on the inner harbor, to ascertain the character of the soil on which the heavy foundations of the power plant will rest, is down forty-seven feet and the different strata of earth are being sampled and placed in bottles to be sent to the head of the. According to Engineer D. M. Mann, the test so far is satisfactory, stiff clay being reached, which gets harder and harder as the depth increases. No sand has been encountered after eight feet. The concrete foundations will rest upon piling, the piers of the bridge having been built in that manner.

LOCATE BULLET IN HEAD.

Physicians with the aid of X-rays today located the bullet which Olney Lynn says he accidentally sent into his head last Friday night while cleaning an old revolver. The bullet, which is the right temple, cut through the optic nerve and is flattened back of the retina. As no good can result by its removal, the eye will be destroyed. The bullet was not disturbed. Young Lynn will recover.

One hundred and fourteen delegates responded this afternoon to roll call at the opening of the annual convention of the State Library Association. About fifty more arrived tonight. The sessions are being held in the grand ballroom of the Hotel Virginia and are of an interesting educational character. They are open to the public.

On the illness of Mayor Windham, the address of welcome was made by George Mortimer Roe, member of the local library board, and was responded to by President James L. Gullis, who followed with his annual report, which showed a flattering condition of affairs. The rest of the afternoon was devoted to a book symposium on various phases of library work.

Tonight the delegates were given a concert at the hotel. Tomorrow's program was devoted to a book symposium led by Miss Antoinette Humphreys, and reports of various committees. In the evening a three-act comic opera will be given by members of the Los Angeles library, at Ebell Clubhouse.

ODD FELLOWS' ANNIVERSARY.

Fine and Ocean avenues are gaily decorated in readiness for the visit here tomorrow of the Odd Fellows and Daughters of Rebekah, who will come from all the towns of Southern California to celebrate the ninety-first anniversary of the order. Preparations have been made for the occasion.

Raymond C. McConnell and Miss Marjorie Maynard of Pomona College addressed the Young People's meeting at Pilgrim Congregational church last evening on the Student Volunteer movement. They recently attended the convention held at Rochester, N. Y.

A new form of special electric wheel has been installed in the local Southern Pacific station now announces to the operators, from a distance of a mile and a half down the tracks, in either direction, the approach of trains.

A baptismal service was performed in the small pond at the north end of Ganesha Park yesterday afternoon. The members of the Church of God, a large assemblage witnessed the ceremony.

George S. Townsley, local agent for the Southern Pacific Railway here for some time, will soon remove to San Francisco, where he will be district passenger agent of the St. Louis and San Francisco Railway, a part of the G.O. system.

CREDITORS MEET.

NEW ORLEANS, April 22.—Accompanied by attorneys, New Orleans representatives of cotton firms and steamship lines, which may have been involved in losses following the failure of the cotton firm of Knight, Yancy & Co., left today for Decatur, Ala., to attend a meeting of creditors of the bankrupt concern. The Harrison, Leyland, Elder, Dempster, Steamship Company and Alexander Eccles & Co. will be represented.

ALHAMBRA, April 22.—W. F. Middleton and wife will leave Tuesday for a two-year trip abroad. After a short visit at his old home, Crowley, Sussex, England, Mr. Middleton, who is an architect, will spend a year in Spain and one in Italy in architectural study. After which he and Mrs. Middleton will return to their home in Alhambra. Hon. Clarence Routh of Pasco, Wash., is the guest of his uncle, Judge E. A. Routh.
